CARIBOO TRAIL ASSOCIATION IS WELL SATISFIED

Reports Reveal Small Surplus And That Organization Is In Good Condition

KELOWNA, B.C., April 3.—The annual meeting of the Okanagan-Cariboo Trail Association was held in the Royal Anne Hotel on Sunday. Reports showed the trail association to be in good condition and with a small surplus on hand after the past year's operations.

In the election of officers, those serving in 1932 were again elected to their respective positions, being: President, Ray Clark, Wenatchee, Wash.; Vice-President, A. E. Melghan, Kelowna; Secretary-Treasurer, R. C. Ri-therford, Kelowna; Directors: E. G. Baynes, Vancouver; P. Knowles, Penticton; B. McDonald, Kelowna; R. J. Vogler, Chelan; Ray Thomas, Wenatchee; C. R. Moore, Okanagan, Wash.; A. Schmidt, Seattle.

In the evening the association met the executive of the Kelowna Board of Trade and discussed proposals for the coming year.

Ray Clark, Vice-President of the Cascade International Association, stated that that association would be glad to co-operate in every way with the Cariboo Highway in bringing tourists over the Inland Pacific Highways.

Instant Relief From Bunions--Soft Corns

No sensible person will continue to suffer from those intense, agonizing, throbbing bunion pains when the new powerful, penetrating, yet harmless antiseptic Emerald Oil can readily be obtained at any well stocked drug store.

Apply a few drops over the inflamed swollen joint and see how speedily the pain disappears. A few more applications and the swelling is often reduced to normal.

So marvelously powerful is Emerald Oil that soft corns seem to shrivel right up and drop. For sale by Nolan Drug & Book Co.

FIERCE WIND DOES \$10,000 DAMAGE TO KELOWNA PLANT

One Half of Wooden Roof Lifted From Building In Cyclonic Storm Early Monday

KELOWNA, B.C., April 3.—A gale of cyclonic intensity struck the city at about two o'clock on Monday morning, but with one exception, did only a little damage.

The chief damage was to the Dominion Cannery's building, about \$10,000 worth of damage having been done. One half of the wooden roof of this two-story brick building was caught by the wind, lifted straight up into the air, thereby clearing large ventilators on the other part of the roof, and carried from where part of it struck the large iron chimney stack of the power plant. It then crashed to the ground, bringing the chimney with it. About half of the roof landed on a large pile of tomato boxes which it crumbled into kindling wood.

Of the building itself, various sections of the brick walls were carried to the ground or otherwise severely damaged, as also is the boiler house where the chimney crashed through it. The cannery has not been used for two years, but was in first class shape and fully equipped with machinery. The whole building is severely damaged, but nothing else in the vicinity has been touched.

Throughout town there was slight damage. Two windows on Main St. were blown in. Trees were blown down in the park, and the waves on the lake reached a height of about five feet.

The storm also put Kelowna without power or light for about nine hours, there being trouble on the West Kootenay system in various places.

and suggested that the tourist traffic in this district last year was partly maintained by the joint co-operation of the two travel routes.

Finances for 1933 work will no doubt be difficult, but the Association expects to receive the co-operation of the various towns along the route as hitherto, it was stated.

KEEN COMPETITION IN FINE DISPLAY

(Continued from Page One)

School, while another part of the building was devoted to the sewing class competitions. There were approximately 300 entries in all from the girls.

One competition, calling for an entry of an leed cake, biscuits, and a salad, was particularly keenly contested. Other displays were with regard to the use of Okanagan apples, muffins, cookies, biscuits, nut breads, and chocolate cakes, the last mentioned class drawing a very large entry.

The Sewing Classes showed that the girls were not disregarding some very practical problems. One competition in patching and darning proved of interest to the crowd. A Grade 6 class in sewing machine problems, demonstrated bags that had been made by pupils, among whom was one prize winner who had been unable to treadle a sewing machine so recently as last Christmas, according to Miss Alice Stevens, the Vernon schools household science instructor, and under whose direction the majority of the splendid entries were prepared.

There were about sixty exhibits in a Grade 8 class for slips, while rounding out the show were a special exhibit of alternative, boarder Smith, Kenneth DeWick, and two suits made by Grade 9 girls, Maureen Richmond and Mary Borden. These suits attracted a great deal of attention in token of their smartness and stylishness, and as the culmination of the entire display demonstrated the skill that can be attained by the girls in their domestic science work.

The complete list of prize winners follows, the first, second, and third awards being indicated in the order of the names mentioned:

Bird Houses

Age 7: Ronald Demny; age 8: Teddy Bawell; age 9: Graham Drew, Alex McRae; age 10: Robert Danielson, Penryn Jones; age 11: Gordon Rolston, Joe Stark, Ken Oullen, Jack Reid, Howard Delbeck, Jack Baldwin; age 12: Bernard Robinson, Albert Fisher, Billy French, Donald White; age 13: Jim Pearson, Stuart Whyte; age 14: Jim Pearson, Elmer Clark, Bobby Radford; age 15: Dick French, John Gregory, Reuben Coatsworth, Clifford Best; age 16: Jimmie Portman, Ian Brand, Pat Murphy.

Robb House

Age 11: Herbert James; age 12: Eric Mandant; age 13: Robert Turnbull; age 15: Hong Leo.

Feeders

Age 13: Roy Wright, prize donated by Tills; age 15: John Nelson. Best bird house, Gordon Rolston; best robin house, Hong Leo. Specials: Knives, donated by the Elks were won by: Alfred Medley,

SCHOOL TRUSTEES AND COUNCILS ARE KEEN FOR ECONOMY

Armstrong and Spallumcheen Leaders Consider Situation At Informal Gathering

ARMSTRONG, B.C., April 4.—The whole matter of the financial position of the Armstrong and Spallumcheen districts, the two councils and the consolidated school board, was exhaustively and very frankly gone into at a meeting held at the City Hall on Monday night. This meeting, originally called as one for the School Board members, sitting with representatives of the two councils, had changed its aspect to include the character of a public meeting also, a considerable number of the ratepayers of each district having during the past few days signified their desire to be present and having been assured of a welcome.

There was a good attendance, including Mayor Poole and Reeve McCallan, Councillor Hornby, most of the Aldermen of the City Council, and a number of ratepayers from both of the districts. After the opening statement by J. H. Wilson, chairman of the School Board, as to what the school board had done in the way of reductions of expenditure, he challenged the representatives of the Councils to show that they had

done or were going to do their share. On behalf of each of these bodies it was claimed that they had done their best to cut to the bone. In the prolonged subsequent discussion, attention finally appeared to centre around proposals to cut out hospital equipment grants by the two councils, and to the fall fair. Ultimately a committee was appointed representing the two councils and the school board to go closely into the whole subject of finance.

The Chairman, J. H. Wilson, chairman of the Consolidated Board, said that that meeting had been called to go into the whole matter of their municipal finances, in relation to the needs of the time. The School Board had desired to get some kind of public opinion on this difficult question, and so that meeting had been arranged. They also desired to be assured, in view of the drastic economies they had already themselves practiced, and more might be needed, that the other departments of local government were fully co-operating in regard to economy, as to which they were not well informed. The reductions of government grants to the council would mean, he believed, an increased rate of two mills to the city and one to the municipality.

Since 1930 the School Board had reduced its expenditure from \$54,697 to \$42,162, a saving of \$12,535; and the salary reductions to teachers that it had made varied from 15 to 36 per cent.

As a result the mill rate in the city had been reduced from 14 to 9.2, and in the municipality from 12.5 to 8.5. They were prepared to go further if they could be shown that similar if they were being practiced elsewhere, but it was imperative that there should be co-operation.

Trustee Worthington reminded the meeting that the Board had a trust not only for the ratepayers but for the teachers and the children. About the only way they could further reduce school estimates was by yet another cut in salaries; but before such a thing as that was discussed he said he thought that the meeting should look at the thing all round and see what could be done elsewhere.

The chairman said that the board was hoping at present to reduce the school's demand by another half mill to the municipality, and a little less than that to the city. They had hoped, he said subsequently, for some increase in the grant in aid over last year, but they had nothing as yet to bank on.

Councillor Hornby, chairman of the finance committee of the municipal council, said that a rough estimate for the coming year had shown that owing to the reduction in government grants and the increase in social service charges on the district, which included two additional pensions, they would have to raise the rate by a mill and three quarters, without allowing anything for roads and bridges upkeep.

Mayor Poole said the city had gone ahead with its budgeting without assuming that it would get any government grant this year. Salaries had been twice cut all round within the last twelve months, none of them, he believed, less than 20 per cent. Social service charges, last year, equal to a mill and a quarter in the city, would certainly be double that. As to relief

done or were going to do their share. On behalf of each of these bodies it was claimed that they had done their best to cut to the bone. In the prolonged subsequent discussion, attention finally appeared to centre around proposals to cut out hospital equipment grants by the two councils, and to the fall fair. PENTICTON BEATS VERNON JUNIORS IN BASKET FINAL

Locals Worsted By Bigger Opponents By 50-38 Count—Make Good Stand

PENTICTON, B.C., April 3.—Battling valiantly against their bigger and heavier opponents, the Vernon Juniors were defeated 50-38 in the interior play-offs for the hoop title in that division, before a moderate crowd here on Saturday night.

In the first half, the northern boys had had luck with their shots, the score being against them at the whistle, 35-14. However, in the second half they came back strongly, holding down the southern lads splendidly. Several play-offs for the hoop title in that division, before a moderate crowd here on Saturday night.

In the opening preliminary, the Penticton High school girls' team, with Harriet Prentiss, Ruth Hansen, and Louise Nagle, of the Senior B girls, on the line-up, swamped the Kelowna High School girls' quintet 42-20.

Playing as the Penticton High School boys' team, all of them being High School students, the Penticton Intermediate B boys easily defeated the Kelowna High School boys by 62-24. McKay and Poole worked hard for the visitors, but could not stop the clock-work combination play of the Penticton boys.

After the games, Principal I. B. Bages of the Penticton High School, presented the cup to the winning Penticton Juniors. Following this, the teams and officials were entertained at a banquet in the Junior High School building, by the girls of the school, assisted by various ladies.

UNUSUAL TYPE OF STORY ON SCREEN

"I Am A Fugitive From A Chain Gang," Is Based On Actual Fact

A most unusual and extraordinary type of story comes to the screen of the Empress Theatre on Wednesday and Thursday, April 12 and 13, in the Warner Bros. picture, "I Am A Fugitive From A Chain Gang," starring Paul Muni with the most brilliant supporting cast ever used at the Warner Studio.

The screen play by Sheridan Gibney and Brown Holmes is based on the autobiographical novel of Robert E. Burns. The picture tells of the astounding experiences of a man sentenced to a state chain gang for the theft of less than five dollars, who escaped and is still at large.

"They say the man who married his money to burn."

"She would make a good match."

was unanimously resolved to appoint a committee composed of Mayor Poole, Reeve McCallan, Chairman J. H. Wilson of the school board, and the chairman of the finance committee of each, to go further into the question of how best to meet the present emergency.

PRIZE WINNERS BADMINTON CLUB ANNUAL TOURNEY

Winners In Open and Handicap
Events—Closing of A
Splendid Season

The 1st B.C. Dragons' Badminton Club brought a most successful season to a close last week with the completion of the annual tournament for the club trophies. Miss Dorothy Keith winning the ladies' singles, while Reid Clarke won the men's singles, in the open classes. These were the only open competitions.

In the handicap section, the cups were won by Miss Eileen Edwards and Chester Nolan in the mixed doubles; Miss Dorothy Keith and Miss Joan Proctor in the ladies' doubles; H. F. Beattie and J. C. Kent in the men's doubles; Miss Sheila Simmons in the ladies' singles, and T. Brayshaw in the men's singles.

It was significant that the singles finals in both the open and handicap events were fought out between the same players, and in each case the loser in the open fixture won the handicap.

Miss Simmons avenged her defeat in the open final by defeating Miss Keith in the handicap, whom she met again on equal terms. The reversal was not so surprising, as she had led Miss Keith by game-ball to eight in the second game of the open, after winning the first, only to lose this second and the following games. Mr. Brayshaw made a spirited recovery against Reid Clarke in the men's handicap, in which he conceded a considerable number of points. The play in these matches was consistently good and at times spectacular.

Miss Edwards and Chester Nolan, a quick-footed pair who combine very well, had little difficulty in capturing their cup, coming through their several rounds with comparative ease.

It was not so with the men's doubles. Beattie and Kent had a stiff battle with Brayshaw and Clarke in the semi-finals, eking out a win in the decisive game after being down nine to game-ball. In the finals they won from Johnston and Walker by two straight sets, but there was the narrow margin of only one point in each case.

There was little doubt of the outcome in the ladies' doubles. Miss Keith and Miss Proctor proving a strong combination, although pitted against clever opposition in last season's winners, Miss E. Venables and Miss Elsie Edmonds, whom they defeated in the semi-final round.

An enjoyable American tournament was another feature of the season's close, and provided competition for those not participating in the final matches.

Despite a decreased membership the club had a good season on the whole, but it has missed a large number of the "A" players, particularly among the men, while the absence of Mrs. H. Whitmore and Mrs. Hazel Nolan has weakened the ladies' ranks.

In addition to staging the "most successful Interior Championships" tournament that has yet been held, the club played an unusually large number of inter-club matches this season, with Revelstoke, Kamloops, Salmon Arm, Mara, Enderby, Armstrong, Okanagan Centre, and Kelowna.

HIGH WATER WILL FLOOD LAKES WITH UNDESIRABLE FISH

Sportsmen State Creeks Will
Afford Outlet For Carp—Re-
commend Trap

KELOWNA, B.C., March 31.—Millions of Carman carp are supposed to make their winter habitat in Duck Lake and it is believed that this stretch of water now literally teems with these coarse grained fish. Because of the coming high water, due to the extra amount of snow in the hills, the creeks, which flow from Duck Lake north into Wood Lake and thence to Kalamalka Lake and on to Okanagan Lake, and the one that flows south to Mill Creek and to Okanagan Lake, will be high and afford an excellent outlet for these fish, that only occurs infrequently. A trap in these creeks at the right time would result in hundreds of thousands of the fish being caught and destroyed before they can do harm to the game fish in the other lakes, it is stated.

Almost all foreigners are glad to have a chance of eating carp and at this season, or in spring or early summer they are said to be particularly good. There are many ways of preparing them for food, and there would be enough there to feed all the families on relief all winter if they were salted, smoked, dried, filleted or treated in any of the other ways known to those who are used to eating this fish.

Fishermen of all local fishing clubs are taking an interest in the matter of the destruction of these carp while the favorable opportunity is presented and before they get out of this water and add to the numbers already in the other lakes.

SWAN LAKE TEAM WINS PING PONG TOURNAMENT

Home of Mr. and Mrs. J. R.
Freeze, of Salmon Valley, Is
Scene of Competition

SALMON VALLEY, B.C., April 3.—The ping pong tournament between the Swan Lake players and Mr. Henry's party was played off at the home of Mr. and Mrs. J. R. Freeze on Friday evening last. This time the visitors were victorious, the local team having lost four or five good players since their victory over the Pulkland team.

Douglas Heywood and his business trip to Salmon Arm on Wednesday. He was accompanied by Miss Mary Pritchard, and her mother, Mrs. H. W. Pritchard.

A. J. Heywood and son, also Miss Mary Pritchard, drove to Hillebrand Friday evening to attend the monthly "Literary social." They were accompanied by Mr. and Mrs. Alfred Pryce.

A. J. Heywood visited in the program. Miss Margaret Morrell, who has been visiting with relatives at Silver Creek for the past week, returned by stage on Monday, en route to Armstrong where she has been residing for the past year.

S. B. Ponty, of Penticton, came up on Saturday, and spent the week end at Heywoods, returning home on Monday.

VERNON, B.C.

FISHER PROTESTS

\$250 BOND: HE WILL

STAY IN BUSINESS

Leases Premises For Year and Has Spent Money On Store Alterations

A protest against the city by-law obliging him to take out a bond for \$250 as a guarantee that he would remain six months in business was lodged on Monday evening before the City Council by T. P. Fisher, who has applied for a license to open a men's haberdashery in the premises owned by G. A. Hankey and formerly occupied by W. H. Grant, as the Specialty Shop.

"I have taken a lease on this store for a year," declared Mr. Fisher, "and circulated a good deal of money through the city for new furniture, carpentry, and various renovations. When I applied for a license I was told that I would have to take out a bond, and I object to this. I have leased the store for a year and my wife and I certainly intend to make our home here. Is not this sufficient evidence of my good faith?"

Mayor Prowse explained that the Council was governed by the by-law, and had no alternative in the matter.

"But is your by-law constitutional?" countered Mr. Fisher. "I have seen such a by-law tested."

"Well, we intend to live up to it, anyway," replied Mr. Fisher.

Mr. Edwards explained that it was

DISCOURAGED KIN ABANDON IDEA OF A PADDLING POOL

(Continued from Page One)

site itself, it was practically decided that the scheme should be gone ahead with.

At the following meeting of the Council, however, Dr. O. Morris, Medical Health Officer, pointed out objections to the installation of such a pool.

He remarked that there would be the danger of the spreading of skin diseases among the children unless rigid inspection and hygienic measures applying to the pool, the water, and the sand were arranged. He stated that the pool would have to be scrubbed out not less frequently than twice a week, the sand renewed and kept clean, and the children watched. The temperature of the water, he added, was an important factor, and it should not be allowed to be too cold.

Provision against the Medical Health Officer's objections, the Kinsmen executive decided, would mean an unexpected and too onerous expense, and this was the reason stated for dropping the proposal at their Monday evening dinner gathering.

"I am very sorry that this has been quipped by the Medical Health Officer," declared Alderman Townrow, at the Council meeting following the receipt of the letter from the club.

"I don't know what I'm going to do with that corner now. The Kinsmen agreed to spend \$500 and it would have been a wonderful help to the city of Vernon."

"I regret also that this beautifying proposal is not to be undertaken by the Kinsmen," replied Mayor Prowse, "but the pool, from a sanitary standpoint, has been found unsuitable. The Kinsmen should surely turn their attention to some other beautifying scheme."

His Worship objected to Alderman Townrow's statement that the Medical Health Officer had "quipped" the club proposal. "You imply that Dr. Morris came here with the set purpose of stopping the scheme," he stated.

Alderman Townrow stated that he had only meant that the Medical Health Officer's objections were the ones that had finally decided the club against the scheme, and he explained that he ascribed no such motive to Dr. Morris' action.

"Well, I think that Dr. Morris was out of place here, all during the last meeting," interjected Alderman Bowman. "and I was certainly sorry to see him here. He put the kibosh on something that would have been of benefit to the city for a long time."

"The discussion was terminated" with Alderman Wilde's motion that the Kinsmen letter be received and filed, Alderman Bowman making an addition to the motion which thanked the club for their interest shown.

HIGH SCHOOL HONOR ROLL

Spring Examinations

Grade 9(a): Merle Armstrong, 93; Betty Oshawa, 85; Lillian Palmer, 85; Barbara Oshawa, 81; Mary Borden, 81; Ronald Findlayson, 80; Ellen Wilbanks, 76; Doreen Finks, 76; Gwendolyn Tonks, 76; Shirley Carswell, 75; William McKenzie, 71.

not necessary to deposit \$250 in cash, but merely to take out the bond, and Alderman Hunt told Mr. Fisher that this would mean only a ten dollar arrangement with the bonding company.

"But ten dollars now means as much as twenty dollars did a short time ago," answered Mr. Fisher. "However, if you've decided this by-law and intend to enforce it, I suppose there's nothing I can do about it."

The Week In Review

Carrying 74 to their death, the world's largest airship, the U.S.S. Akron, crashed in flames off the New Jersey Coast at 12:35 Tuesday morning. Only three were reported rescued. The mighty aircraft, apparently a victim of lightning, caught fire as it fell to the water.

In another air tragedy on the preceding Friday morning, the Winnipeg Toller, basketball champions of Canada, were victims of a plane crash in which six were killed, and eight injured, all but one seriously. Two of the players, Dods and Shea, were among the fatally injured, the other fatalities being the business representative of the team, and the pilot, co-pilot, and mechanic.

The air featured in yet another stirring news-despatch of the week, but in a happier tone. The British expedition flew over Mount Everest on Monday, and for the first time in history a party of four men in two planes looked down upon the historic peak, highest in the world.

A bill authorizing the government to declare an embargo against Russian food products was introduced in the House of Commons and read for the first time without discussion on Tuesday. The bill includes the right to declare an embargo when the existing trade treaty between Britain and Russia expires on April 17. The government meanwhile is debating the grave possibility of a diplomatic rift with Russia, arising as the consequence of the charges of espionage brought against six British subjects, for which they are to stand trial in Moscow.

King Prajadhipok of Siam, forsaking an experiment in democratic government, on Monday suspended the Siamese constitution and made himself a gain an absolute ruler. He will rule with a council of twenty chosen from his closest friends. A "palace revolution" last June led to the peaceable granting of a constitution, but the ruler subsequently opposed it on the ground that Communist principles were gaining the upper hand.

Western Canada, on Friday night last mourned the death of one of its most picturesque figures, and the Dominion as a whole lost one of its outstanding and faithful sons when the Hon. Frank Oliver, 80-year-old pioneer publisher, and statesman, passed away at Ottawa. Up until a few days before his death he had been carrying on his duties as a special officer for the Board of Railway Commissioners.

Wiping Out A City

Fernie miners took out their equipment and tools on Friday last week in view of the shut-down of the Coal Creek mines, and on Monday the work of dismantling was commenced. Cessation of the company's operations will mean the end of the modern little city of Fernie, it is feared, but an announcement from Victoria states that the government will undertake to distribute relief funds.

The Nazi boycott of Jewish industry and commerce was reported 100 per cent. complete in Berlin at noon on Saturday. The Nazis had been declared that there was little excitement or trouble, but the outside world has difficulty in obtaining a complete understanding of the situation. Anti-Hitlerites claim that atrocities are frequent and that there is a strict censorship of news which hides such activities. Others, to the contrary, declare that the reported activities of boycotts, mythical and designed to weaken the Nazi rule.

Gun Fire on Penitentiary

A fifteen-minute attack of gunfire on the Leavenworth Federal Penitentiary, in Kansas, from an airplane late last Friday resulted in the arrest of two reputed gun-convicts. Guards were brought a machine gun and rifles into play. It is presumed that the fliers were plotting to aid a prison break, and they were arrested when they landed at a field some time later.

Vienna reported on Friday that a mutiny had broken out on Yugoslavian warships in various ports, but had been suppressed. The mutineers were said to have hoisted the Croatian flag and a number of officers were arrested. Yugoslavia, storm centre of the Balkans, is being watched with anxious care by all European great powers, and the ill-feeling between the country and subject Croats has been a matter of concern for years.

New Regulation For Beer

Beer sales and beer prices will be put on an entirely new basis and the cost of liquor permits will be reduced from \$2 to 25 cents under legislation planned by the government for immediate introduction into the legislature. These plans would involve the lowered liquor permit charge; the sale of bottled beer from delivery; delivery of beer to homes; and an anticipated lowered beer charge. These changes, framed by W. P. Kennedy, liquor commissioner, are designed to meet modern price conditions, and have been considered in view of the altered situation in the United States.

Thrilling the huge crowds which annually line the banks of the Thames for the inter-university boat race classic, the Cambridge crew beat Oxford on Saturday by two and a half lengths and set a new record with ten successive victories.

Longest Game on Record

Canadian sports attention, however, has been directed to hockey, the longest game on record the Toronto Maple Leafs reached the Stanley Cup finals at home by downing Boston 1-0 in the fifth tilt of their playoffs, after playing 104 minutes and 46 seconds. Immediately after the tussle they entertained for New York to meet the Rangers, losing by 1-1 in the first of another 5-game series.

Vancouver, Trail and Saskatoon played to a scoreless draw in the first of a two-game series in the Allan Cup semifinals.

Tourist Camps ARE PREPARING FOR BUSY SEASON

(Continued from Page One)

A premium in Canada offers an added attraction to the United States visitor, and if this condition continues throughout the next few months, this will no doubt prove a factor in stimulating the traffic, the auto camp proprietors state.

E. M. Stick, proprietor of the Vernon Hotel, who is planning that he has not as yet definitely made up on his mind, states that he will "probably" undertake the establishment of an up-to-date and attractive tourist camp in connection with his premises, and should he do so a very important artery of traffic through the city, Seventh Street, will be adequately served.

SUMMERLAND ASKS FOR ZONE POOLING IN SOUTHERN END

Co-operative Growers In Annual Meeting Decide To Continue Three Party Contract

SUMMERLAND, B.C., April 3.—At a large annual meeting here on Friday afternoon the Co-operative Growers amicably decided to continue and re-elected the following directors and officers: President, C. J. Huddleston; Vice President and Secretary, J. Shepherd; central director, Major E. E. Hutton; Secretary-Treasurer, W. M. Dryden; Directors, R. V. Agur, J. R. Campbell, J. Y. Towgood; Manager, M. Stewart; Shipping Clerk, B. M. Bristol; Auditor, Crean, Mouat & Co.

Major Hutton ably put the present situation before the meeting and spoke in favor of local pools, of investigation into the workings of the Association, and of economy. He said that he thought that in these times contact men might be dropped and there might be further salary cuts.

During the afternoon a resolution by J. Dunsdon and J. S. Campbell, was carried to ask for zone pools this year in the south end of the valley presumably Summerland, Naramata and Penticton. C. E. Bentley mentioned that experiments carried on at the Experimental Station here had shown that fruit at the south end of the Valley had a higher sugar content than in the north, and that this might influence its selling.

After congratulating Summerland on the spirit of the meeting, Mr. McDougall, of Penticton, told what Penticton had done in resolving to appoint a committee to investigate the workings of the organization, and that small committees would be formed at Oliver, Osoyoos and Kaleden, the cost for Penticton to be presumably \$300. A resolution was carried to endorse Penticton's plan, and that the formation of the committee be left in the hands of the local board.

Mr. Chambers Reviews Situation

E. J. Chambers, President and General Manager of the Associated, addressed the meeting briefly clearing up ideas on contentious points, and was well received. Of comparative prices he read reports to indicate that the co-operative met the independents reasonably well and often led them.

He stated that he had been a mistake to treat the British trade as a consignment market, and the lower price on export sales should not be blamed to the sales department but to the directors. This plan will be changed this year. The methods to be used in exporting are not yet determined as Mr. Barratt has just returned.

The cartel has been the most successful voluntary effort towards stabilization, and has spread the load of export over all shippers, and this is the first time in history when the co-operative have had less apples to sell than their competitors. The dumping of apples has not been so large as anticipated, 2 1/2 per cent. of the crop, or 100,000 boxes. This has been a most difficult year with a maximum crop, and prices at a minimum. More of the crop had been used because it was comparatively cheap food, and cheaper methods had been employed to get it to the consumer. He declared that in any cases the cartel has prevented "red in" He could not say if it would function next year or not.

Mr. Chambers said that the Okanagan fruit industry had faced a crisis every ten years in the past, and this was the tenth year again, but he said he thought there was no need to worry over the loss of tonnage unless it affected the operation of the local.

He approved of mixed cars, saying that they generally benefited the grower in three ways, wider distribution, taking care of short crops, and generally bringing better returns on the whole crop.

There are seven directors south of Kelowna, and four north, so this end of the valley has good representation.

The Rev. G. J. Coulter White addressed the gathering on the privilege and gain of co-operation, and spoke strongly for continuing in the spirit of the past. His statements were endorsed by Col. R. Cartwright, who stated that he had always been a "ticker" but thought the growers were doing well to even hang on in these difficult times.

George Drewitt, who has recently returned from England, spoke of the London markets. This year J. Forsyth Smith thought the apples too large. The O.K. brand is well received, but the small, well-colored apples sell the best. The good apples bring the highest prices, and apples from Virginia brought double the price of Nova Scotia ones because of the superior pack.

T. Washington created considerable amusement, and some applause when he suggested that 50 per cent. of the cost of the staff of the central and the local be paid by them, and if they sell 80 per cent. of the crop they be given the other half.

J. Shepherd stated that he thought some of the speakers at the Penticton meeting were ignorant of a great deal of the situation as it actually exists.

Back B.C.F.G.A.

A resolution was brought forward by Mr. Shepherd, seconded by R. V. Agur, that Summerland Co-operative continue in the B.C.F.G.A., and that a \$2 membership fee be deducted. This was carried.

At Chairman Huddleston's suggestion it was decided that the directors be authorized to deduct 1/10 a box for cooling moth spraying, to pay for the third and fourth sprayings.

Speaking of the insurance on the Stewart packing-house, which burned a short time ago, W. M. Dryden, Secretary-Treasurer, said that the money was payable to the trustees.

Appreciation was expressed in the last Summerland number of the local manager, staff and directors. The cost for operating last year was \$10 a box which is considered low for locals.

TO MAINTAIN PROPERTY WILL BE OBJECTIVE AT THE COLDSTREAM RANCH

Sufficient operations will be carried on at the Coldstream ranch to prevent deterioration of the property. This will be about 25 per cent. of the past activities is an estimate furnished by F. I. I. Wollaston, manager, who returned last week from England.

Present prices for farm commodities are so low that there is no encouragement to produce.

The staff employed will be sufficient to prevent deterioration of the property.

Conditions are more stable in England, said Mr. Wollaston, but they are by no means good.

PENTICTON HEARS APPEAL BY ISAACS TO AID B.C.F.G.A.

Speaker Stresses Value of Body In Past and Shows Support Already In Evidence

PENTICTON, B.C., April 3.—On Saturday evening D. Godfrey Isaacs addressed a meeting of fruit growers in the Oddfellows Hall here. The audience, though not large, was a representative one, and most of the chief growers of the district were present.

Mr. Isaacs explained that the crisis had arisen in the Kelowna meeting held a few weeks ago, because of the shortage of cash in the B.C.F.G.A. exchequer.

Mr. Isaacs voiced what is now felt to be the opinion of the majority when he opened his remarks by saying that the principal thing at the present moment is to keep the B.C.F.G.A. alive, and in order to do this all must have more enthusiasm. In outlining the situation Mr. Isaacs explained that in years gone by, the organization had been largely operated by means of a Government grant. It had not stood upon its own feet, but upon the Government's, and when, in doing so, it had trodden on the government's corn, it had been told to get off. When originally conceived, no arrangement had been made for financing without a government grant, and this withdrawal of funds had therefore been disastrous.

The B.C.F.G.A. at present does not know its exact membership, nor does it know the opinion of the majority when the coming season, a state of things which is quite unseasoned. At Kelowna the executive explored every avenue, but could find no solution of the present difficulties. They were faced with a bank balance of \$9 and liabilities amounting to nearly \$600. Hence their action upon that occasion.

Value of B.C.F.G.A.

Mr. Isaacs set forth some points during the last year or so which go far to prove the great value of the B.C.F.G.A.

Among major operations, the organization helped very largely in the efforts made to obtain protection for the fruit. Through its representations, a cut in freight rates was obtained. It used its influence to get ocean freight rates cut down. It has recently worked hard, keeping the wires to Ottawa hot, in the hope of getting fresh fruits included in the Stabilization plan. Such large efforts can only be undertaken by a large organization, to attempt them otherwise would be hopeless, said Mr. Isaacs.

The executive in Kelowna passed their suggestion of dissolution with great regret. But a small group in Vernon decided on a drive to see whether 2,000 members could not be enrolled before April 25, when, at an extraordinary general meeting, all officials and directors will resign and the organization as it stands at present may be wiped out after a useful existence of over 40 years. The 2,000 members, by paying \$2 a head, would ensure an annual income of \$4,000, which would be sufficient to carry on the work. It was decided to make a round of all districts.

Good Response

At every meeting the members had signed practically unanimously, and had willingly complied to form canvassing committees to go to every grower not present at the time. Each district has been asked to form a committee to give suggestions in reorganizing, so that the whole valley may have a voice in what shall be done and who shall be the officers to do it.

Nothing could be fairer. Every local has also been asked to elect a representative to carry its views to the general meeting.

Mr. Isaacs spoke of the distinctive phrases, independent and co-operative,

BELIEVES IN SELF, OCCUPATION AND OKANAGAN VALLEY

(Continued from Page One)

progress the sheep had made here, and declared to Mr. Davidson, "You've got me beat a mile."

The methods of running adopted by sheep ranchers in this province are better, Mr. Davidson added. Huge flocks on the prairies mean that a sheep gets little attention, whereas five or six hundred is considered a fair sized number in British Columbia.

Breeders in this province, however, have encountered many snags. Those who have made it their practice of raising fat lambs for the market have found that in a short time they had lost their foundation stock, it proving necessary to import from the prairies. Many of these prairie importations then led to the bringing in of disease and so the market was injured.

No Profit on Borrowed Capital

Mr. Davidson said that he had concentrated upon raising ewe lambs, rather than the fat lambs, but that conditions which affect all agricultural enterprises at the present time had meant that there was no profit for him. A rancher cannot afford to borrow money at 8 per cent. in order to hang on to his flock in the hope of better times, and in the meantime he must dispose of the lambs at a sacrifice price. It is not his poor quality animal that is purchased, moreover, but the very best stock.

The speaker agreed with the David Harum dictum that a "reasonable amount of fleas is good." To be kept scratching is something that may prove of value, but he expressed the opinion that this has now been carried too far. Producers have scratched sheep, and he rounded out his remarks with the statement that some re-arrangement must be made in the economic system whereby the producer can get back more than the cost of production.

Talk Nothing But Sheep

His speech throughout provoked a great deal of merriment among his listeners. Sheep breeders, he confessed, were just on the fringe of civilized society and had become clannish because of their irrepresible desire to talk continually of nothing other than sheep. This to laymen was rather boring, and so the sheepmen sought each other's company.

His remarks were also featured by a new interpretation of the motive for Cain's murder of his brother Abel. Mr. Davidson differed with the Biblical record, pointing out that Abel's death had no doubt been due to the fact that his being a sheep herder had led to his talking too much about his flocks.

had to be so much stressed. An unsolicited letter was read from R. B. Staples, an independent, wishing success to the reorganization of the B.C.F.G.A. and speaking of the danger at the present moment unless affairs have immediate attention.

The terms of the contract were then read. These enable the shipper to deduct the \$2 subscription and hand it over to the Association. An announcement was made that the Occidental would be willing to insert this clause in their contracts; and it seems likely that, if sufficient unanimity is shown, other shippers could also be got to join, as all seem anxious to see the association hold on.

Those present signed contracts while a few questions were asked, mostly relating to such matters as life membership, election of canvassers, and so on. No important matters were brought up for discussion.

Mr. Lyon announced that a meeting would be held in a few days' time to appoint canvassers and divide the district, and also a meeting of the Penticton local about a week before the general meeting to receive canvassers' reports, discuss re-organization plans and appoint a delegate.

Town and District

Miss Nancy Chapman is at present a visitor at the Coast.

C. G. Wolsey, of Okanagan Landing, left on Tuesday's train on a trip to the Coast.

C. B. Lefroy has left for Halcyon Hot Springs where he plans to spend a brief vacation.

Capt. D. M. Rattray, of Salmon Arm, was a visitor noted in Vernon on Tuesday and Wednesday.

F. Martel, G. W. Garrett, and L. Borg were Kamloops visitors who spent the week end in Vernon.

The Rev. S. T. Galbraith, of Armstrong, spent Monday and Tuesday visiting friends in this city.

Mr. and Mrs. R. M. McGusty returned to Vernon last week after having been visitors at the Coast.

A. D. Macintyre, well known Kamloops lawyer, was a business visitor noted in this city on Wednesday.

Miss Phyllis Curtis left last Saturday for Vancouver and Victoria, where she will spend a three weeks' vacation.

Mrs. R. J. Esselmont arrived from Kamloops on Tuesday and is visiting her parents, Mr. and Mrs. J. Herbert.

Mr. and Mrs. F. W. Bagley, formerly of this city, but now of Penticton, were visitors here during the past few days.

W. J. Innes, foreman of the Canada Gypsum & Alabastine Company's mine at Falkland, was a visitor here on Tuesday.

E. A. Royce, formerly of the Bank of Montreal staff in this city, has been transferred to the Ashcroft branch on relief duty.

Mr. and Mrs. H. S. Sutherland motored to Vernon from Kamloops on Saturday and were week end visitors in this city.

Mrs. H. McHollister, accompanied by her two children, left on Wednesday for Vancouver, where she plans to make her home in the future.

T. Lindsay, car foreman, and George Baird, bridge and building master, of the C.P.R. staff at Revelstoke, were visitors in Vernon on Wednesday.

Mr. and Mrs. L. J. Prior, after having resided at Westbank for some time, have returned to Vernon and will once again make their home in this city.

The Rev. A. C. Pound, of Nakusp, spent Tuesday in this city as the guest of his father, W. C. Pound, while en route to his home after having attended the Oxford Group Movement at the Coast.

Barry Earle, John Roberts, Henry Kistner, and "Sig" and Norman Ogawa constituted a party who left Vernon by motor on Monday in order to attend the Allan Cup hockey semifinals at Vancouver.

Because our readers are constantly changing it is necessary every once in a while to advise people that The Vernon News does not, and for many years has not, published letters which are not signed for publication. There are no exceptions to this rule.

Dr. W. R. Gunn, Provincial Government Livestock Commissioner, was a visitor from Victoria in this city last Friday and Saturday. Accompanied by District Agriculturist H. H. Evans, Dr. Gunn made one of his regular routine inspections in Vernon and the surrounding district.

Fred Hobson, the son of A. J. Hobson, of this city, has been named the part of Macbeth in the Victoria High School's annual production of the Shakespearean tragedy. His acting in rehearsals has occasioned very favorable comment and his friends will be pleased to hear of the honor which has been conferred upon him.

"Contrary to the opinion frequently expressed," states F. G. Hassard, in charge of relief camps in the North Okanagan, "the men leaving the various camps as Spring weather becomes milder are not going out as hobos, to beg from townspeople, but in practically every case the men have found work or have definitely set out as prospectors." The Oyama camp still has 55 men in it, but the Mara camp, which housed 118 during the winter, now has only about 90. Fifteen men have decided to wash gold in the Fraser River valley, and a few have gone to the Thompson River. In the meantime single jobless men from the city are proving themselves very willing to work off the relief granted them during the winter in road work. "I have no indication at all as to whether the camps will be closed," states Mr. Hassard, "but I would say that there is a very good tone among the men."

The courts of the Vernon Lawn Tennis Club will be open for play on Saturday afternoon next, it has been announced.

Mrs. W. K. Harkness left on Monday night to join her husband at Abbotsford, where he has entered the horse trading business.

The Rev. T. E. Rowe, of Vancouver, was the special preacher at last Sunday evening's service at All Saints' Anglican Church.

G. Herbert Taylor, director of J. & H. Goodwin, Ltd., of New York, is at present visiting in Vernon and other Okanagan Valley points in connection with business interests here.

H. Harrison, formerly of Fernie, is relieving on the staff of the local office of the Canadian Pacific Telegraphs, while Mrs. B. A. Deneau is spending a vacation at Penticton.

Mr. and Mrs. J. J. Hall, accompanied by their daughter, arrived here from Ardrossan, Alta., on Wednesday at 27 in bills and T. F. Adams discovered a league team here, however, seem a little unsettled. Salmon Arm has brought in some new players and Revelstoke will field a fast team this year, according to the wisecracks, and Vernon will need to step lively to make as good a showing as last year.

E. G. Sherwood, President of the Vernon Baseball Club, states that the annual meeting of the club will be called in the very near future. Prospects of a league team here, however, seem a little unsettled. Salmon Arm has brought in some new players and Revelstoke will field a fast team this year, according to the wisecracks, and Vernon will need to step lively to make as good a showing as last year.

Miss Doris Stewart, who lost \$37 in cash on Barnard Avenue on Monday afternoon, is paying a tribute to the honesty of Vernon citizens, for within twenty-four hours this sum had been returned to her. Paul Horman found \$27 in bills and T. F. Adams discovered a league team here, however, seem a little unsettled. Salmon Arm has brought in some new players and Revelstoke will field a fast team this year, according to the wisecracks, and Vernon will need to step lively to make as good a showing as last year.

Capt. Jack Rugg, member of the original 2nd C.M.R.'s, badly wounded in the Great War, is having some strenuous experiences in Los Angeles, Cal., according to a recent letter to his brother, Arthur Rugg, of this city. Last fall while driving with his wife their car went over the bank and they fell about 60 feet. In addition to this he has twice been held up by gunmen, one of whom he gave a wrap over the head instead of the contents of his pockets. Now he has come through the series of earthquakes. Capt. Rugg longs to be once again under the British flag, but cannot stand the cold weather because of war injuries.

The keenest interest is being taken in the formation of the local Junior cricket club. Under the direction of H. B. Monk, who with many others has long been raising the question of providing some organization whereby young players could learn the fine points of the famous old game, a group of 27 has been signed up and practices have already been commenced at the bathing cage in Polson Park. Some of the youngsters have revealed considerable talent and during the forthcoming season fixtures will be arranged with the Vernon, Lavington, Kelowna, and Revelstoke elevens, while a few preliminary games are to be played with the Vernon Preparatory School boys.

The death of Toki Hoshizaki, 11-year old daughter of Mr. and Mrs. T. Hoshizaki, of this city, which occurred at the hospital on Tuesday of last week, was the first death of any public school pupil during the school term throughout the eight years in which H. K. Bearsto has been principal. Mr. Bearsto revealed this rather surprising fact last week. There have been deaths of school pupils during the summer vacation, but never during Mr. Bearsto's incumbency, at least, has there been before a death during the time that the school was in session. The little Japanese girl was popular with her school-mates, and on the occasion of the funeral on Thursday, the school flag was draped at half-mast.

Another sign of Spring was evidenced at the local offices of the Forest Branch on Tuesday when Forest Ranger G. F. Frost handed out the first camp fire permit of the season. Although the ground is still moist, states Mr. Frost, in those regions where the snow has disappeared there is already the danger of stray sparks starting a very bad blaze. In the early morning and toward evening, brush, grass, and wood tend to be damp, but in the afternoons a great deal of this becomes as dry as tinder. Particularly at this time, when a great deal of Spring burning and clean-up work is in progress, as vigilant care should be exercised as during the mid-summer, dry period.

CARDINALS COME FROM BEHIND TO WIN THE LEAGUE

Defeating Eagles In Splendid Struggle—Volleyball Tournament Play Today

The Cardinals provided the volleyball upset of the season at the Scout Hall last Saturday evening when they defeated the Eagles, leaders at the close of the league schedule, by 3-0 in a challenge tussle for the official championship honors. The Cardinals finished second in the league after playing off with the Kinsmen for the right to meet the Eagles.

In another challenge game The Vernon News, fourth in the "A" section, turned back the Vernon Fruit Union, who led the "B" contingent, by 3-0. The tournament which was commenced Wednesday evening will continue throughout this afternoon, Thursday, and conclude in the evening.

Play is so arranged that the losing teams in the first round play off with each other, and the final will be at 9:15 p.m., best out of three games, between the finalists in the losing and winning sides of the draw. As another feature in the evening's entertainment, the final basketball game for the Rotary Cup has been scheduled for 8:30.

Next Tuesday night another volleyball attraction will be offered the enthusiasts, when the Cardinals play a challenge game with the Eagles for the Bennett Cup.

Tom Duthie, of Duthie & Company, Portland, and representing the Fruit and Produce Exchange of Great Britain, of London, is a business visitor in Vernon, conferring with fruit shipping officials here.

The Rt. Rev. A. J. Doull, Bishop of Kootenay, returned to his home in the Coldstream last Saturday after a visit at the Coast, during which time he conducted a series of noon-day services at Christ Church Cathedral and subsequently enjoyed attending the meetings held by the Oxford Group Movement leaders. On Wednesday, Bishop Doull left for a brief visit at Penticton but he is postponing his farewell tour throughout his large diocese until after Easter.

Mr. and Mrs. G. Cooper, accompanied by their daughter, Miss Esther Cooper, returned to Vancouver on Tuesday's train, the ladies having recovered from a rather serious motor accident in which they were involved on the preceding Wednesday. Accompanied by Constable J. P. Simpson, the three were taking a motor trip through the district. Miss Cooper was driving, and at a point about twenty miles south of Vernon on the Kelowna road, the car struck a newly gravelled stretch, swerved toward a bank on the right side, and overturned. Mrs. Cooper sustained a broken rib and with her daughter, also severely injured, was removed to the hospital, but neither of the men were hurt. The car was damaged to the extent of about \$200.

A VOTE AGAINST DISSOLUTION

OKANAGAN apple growers and interests allied thereto are gratified at the decision reached at Penticton last week to do nothing at this time to cause greater disturbance or division in marketing.

All the growers in the Valley were interested in the outcome of the meeting because insistence on a two party contract by the Penticton growers would have made a break which would have had many repercussions. Had the meeting at Penticton decided to demand this change, the Associated Growers of B.C. Limited, the greatest stabilizing factor, the nearest approach to orderly marketing of Valley fruits, would have disbanded. With many new sales organizations operating the buyers would have had another big laugh. Out of the basket would have popped a lot of old tricks sufficiently agile to entice the unwary and down would have gone prices with another bang.

The knowledge that this was so proved the greatest stabilizing factor. The growers were in no mood for trifling. Appeals to jealousy, to pettiness, were heard and discarded in the light of the knowledge that the decision reached at the meeting would have its effect on the welfare of all the inhabitants of this wonderful valley.

There is no doubt that the meeting held at Penticton, and the public discussion of what really are not strictly public affairs, has had a very steady effect. Opportunity was afforded to brand as false, statements regarding salaries, expenses, and conditions met by the sales staff, which really should not need denial to brand them untrue.

After a settlement of the main issue to continue under the tri-party contract, the decision to employ an expert to advise some of the locals in the South as to whether they would be better off in a Southern pool, is a commendable step.

For a very considerable time there has been conducted in the South end of the valley an insidious propaganda. Growers everywhere like to feel and to have it told to them that their fruit is just a little bit better than can be grown elsewhere, that it has more color, comes to maturity earlier and has better keeping qualities. This doctrine has been subtly spread. For purposes of its own a marketing concern has been busy telling the growers of the wonderful advantages they enjoy and in some instances backing this with payments which have not accurately reflected sales values. The result is seen in boisterousness and unrest. Some of the growers are ready to tell the world in truculent fashion. They have been fed on a carefully calculated optimism only in degree less balant than that at Salmon Arm where some believe "the quality of their wealthies will sell themselves."

Under the persistence of this propaganda a feeling is being engendered that alliance with the rest of the valley is a clog on the wheels of progress, that all the advantages go to the north. That, in short, the poor relations of the more fortunately situated and better growers in the South, are holding them back—that in division rather than in alliance, lies their hope for better prices.

In their search for the truth, and the growers in the South are to be commended for their efforts to get at it, they will employ an expert if such a man can be found. He will examine and delve and probe, and if he gets at the facts, he will tell his employers what their directors have already told them. It will have the prestige of his name and reputation and therefore may carry more weight.

ANOTHER PIONEER PASSES

DEATH of the Hon. Frank Oliver announced from Ottawa on Saturday removed another of the sturdy pioneers of the West. This is of some note in the Okanagan Valley because that gentleman has been a rather frequent visitor here since the time of his appointment to the Board of Railway Commissioners and from his retirement and continuance in the capacity of level crossing expert.

From the humble post of printer's apprentice to that of the Minister of Interior of the Dominion of Canada, is the most notable of his achievements, another being his rise from the post of driver of a Red River cart transporting his earthly possessions, a printing press, to membership in a tribunal with jurisdiction over the thousands of miles of the finest railway systems in the world.

But it is for another reason, an entirely different one, that the life of the Hon. Frank Oliver, will be remembered. It was for his sturdy independence of spirit. A pioneer of Edmonton, on the inside of affairs from the earliest beginnings, he steadily refused to have any part in the succession of real estate booms which brought wealth to thousands. The speculator was to him a poison species and he held in open contempt and loathing the get-rich-quick spirit so prevalent. His was a genuine and abiding faith in the future of Western Canada and the methods of the real estate speculator filled him with honest indignation. So marked a feature of his life was this and so outspoken was he that because of it advertising patronage was denied his newspaper, the Edmonton Bulletin.

Then again intense loyalty to his political chieftain, Sir Wilfrid Laurier, and his violent hatred of Sir Sam Hughes, Minister of Militia, caused him to take an attitude towards Canada's participation in the Great War, that brought misunderstanding which in other and lesser men, would have embittered his days.

In success or in eclipse, the people of Edmonton, who knew Frank Oliver best, loved him for his sturdy adherence to high principles. Though they might deny him at the polls, he will always be held in esteem in his native city, the city he helped rise from a struggling hamlet on the banks of the North Saskatchewan, to one numbering its inhabitants by the tens of thousands, and housing the parliamentary buildings for the province which he helped to carve out.

Strait thinking, hard hitting Frank Oliver would, if he could, have kept the Prairies he loved out of the worst of the pinch they are experiencing today. Had he been an acceptable guide there would never have been a departure from the good old custom of play as you go.

There is not the counterpart of this virile writer with his sturdy independence of spirit and loyalty to his chieftain in the parliaments of Canada today, and Canada is the poorer.

A MORE HOPEFUL TONE

OKANAGAN Valley fruit growers are looking with longing towards the facilities which are being provided for apple and pear growers in the Pacific north-west states for the financing of the 1933 crop. Contrary to opinions formed in some quarters, the advances which will be made are ringed about with safeguards such as that the loans will be a first mortgage lien on the growers' crop and equipment, and such additional collateral as is deemed necessary, and no grower whose 1932 crop was 50 per cent, or more "C" grade will be financed. Harvesting and packing of any "C" grade fruit produced will not be financed.

In order to be eligible for loans, growers must also show

Last Days of March

These restless days of March
So tired of waiting for the coming Spring
Alive anon with hope
Then sinking into fear, when everything
Seems dead—smiles blent with tears.
Not Nature only has its time to bide,
We too must wait, and find
In waiting for the doors to open wide
Our pleasure or our pain,
We know not which, for promise oft belies
Fulfillment, and the joy of life
Or sorrow in anticipation lies.

R.R.1, Vernon

—A.V.D.

evidence that 55c a box will be sufficient to completely finance the growing, harvesting and packing of their crops.

Also, and this is important, the marketing agency must be approved and be obedient to certain regulations.

It would seem as if these aids to horticulturists in the Pacific Northwest states are particularly valuable at this time for the reason that they provide another argument for the inclusion of apples in the Agricultural Stabilization Fund which the Bennett Government budget proposes to set up.

Reports from the state of Washington, particularly in the neighborhood of Wenatchee and Yakima, are that the hopelessness so marked a feature there both among growers and the shipping agencies appears to have changed almost overnight. With a firming of the market, glimpses of a way out are beginning to appear. No doubt the coming of spring has some effect but there is more to it than that, and what is true of Washington is true in the Okanagan. Considerable improvement in retail business was a feature of the closing days of last week and when the chill comes out of the air it will be even more marked.

ENCOURAGE A FORWARD STEP

ENCOURAGEMENT should be given the proposal to build an airplane in Vernon, if for no other reason than to welcome so forward a move. No one with a backward look would do such a thing. The aircraft of today, the best of them, will be the jokes of the tomorrows. They will decorate the pages of the funny papers, if there are any, but they represent an honest effort towards improvement, and make possible big development. As it was with the automobile so it will be with the airplane. There will be many false alarms but in spite of these steady and wonderful progress.

The youth of Canada dream of driving through space in a high powered aircraft just as their fathers in tender years dreamed of holding the throttle of the iron horse, and their grandfathers dreamed of the dashing speed of a gallant team of horses in a smashing turnout.

The flying club's endeavors typify the spirit which animates the citizens of Vernon and the Okanagan Valley.

What Other Editors Say

WAR CLOUDS

COMOX ARGUS.—As long as France could maintain the hegemony of Europe there was not much fear of war. No single power was strong enough to challenge. Now there has arisen the Nazis in Germany to co-operate with the Bolsheviks of Russia, and their united forces may.

The Polish Corridor is a constant thorn to Germany which she will remove as soon as she dares strike. Then the war drums will sound again for France will not allow Poland to be over-run. And the armament makers will fatten on the carcass of Europe once again.

All this comes of listening to Tiger Clemenceau at the Treaty of Versailles and discarding the teachings of Wilson. There is one thing certain, nothing short of an invasion of the Old Country will force the British Empire into another war.

HARD TO ENFORCE COLLECTION

ACTION FREE PRESS.—The Kincardine News relates a story told in Montreal about a certain bank there notifying a big retail business institution of that city, who do have a large credit or charge account business, they would have to reduce the amount of money they owed the bank. The head of the business institution said that owing to the slow manner in which the customers were paying they couldn't very well reduce their liability to the bank. The bank manager insisted that they would have to. The store manager asked the banker if he would like to see a list of customers who owed the store more than the store owed the bank. Upon the list being produced, it included five directors of that bank and over thirty directors of other banks and trust companies. Needless to say, the store did not have to pay up, nor did they have their line of credit reduced.

Ten Years Ago

(From The Vernon News, Thursday, April 5, 1923.)

Growers in this province have signed up to the Associated Growers of British Columbia over eighty per cent of the total fruit tonnage of the territory in which the Associated will function.—The Vernon Symphony Orchestra, under the direction of W. A. Alister, will hold its first concert on Sunday evening in the Empress Theatre.—At a quiet ceremony at the home of the bride's mother last Tuesday, Miss Margaret Doherty became the bride of Martin Costerton.—The death occurred on Easter Sunday afternoon of "Tommy" Carstairs, for twenty years a Vernon resident, and during which time he had been for the most part on the Kalamalka Hotel staff.

Twenty Years Ago

(From The Vernon News, Thursday, April 3, 1913.)

At a meeting held in the Oddfellows' Hall on Saturday afternoon, at the call of the Farmers' Institute, it was decided to form a new organization under the Agricultural Associations Act and to take over the assets of the Okanagan Fruit Union.—C. J. Hurt returned on Sunday from attending a meeting of the Anglican Church Synod at Nelson.—Armstrong has withdrawn from the Spallumcheun municipality and will be incorporated as a city.—Hugh Dickinson imported 65 Angora goats from the Coast last week, and has taken them to his ranch in Trinity Valley.

Thirty Years Ago

(From The Vernon News, Thursday, April 2, 1903.)

A meeting will be held in The Vernon News office on Monday evening for the purpose of organizing the increase club.—Armstrong is to have an electric light system in the near future, which, in addition to lighting the town, will furnish light for the two mills.—Kilowan sustained a heavy loss by fire on Monday morning, it being feared at one time that the whole business portion of the town would be destroyed. Mr. and Mrs. H. Redgrave returned yesterday from Golden.—Dr. C. M. Henderson has established a practice as a veterinary surgeon at Armstrong.

Forty Years Ago

(From The Vernon News, Thursday, April 7, 1893.)

Wild geese are very plentiful on their way to northern waters.—J. Laur, of Armstrong, is shipping milk into Vernon on every train.—H. Miller was appointed night watchman at Monday's meeting of the City Council.—A public meeting was held in Cameron's Hall on Monday evening to consider the establishment of a hospital, the following committee being appointed to report at a subsequent gathering, Price Ellison, M. Lumby, J. M. Martin, E. J. Tronson, and Mayor Cameron.—Plowing is now quite general throughout the district.—The marriage took place this week of Leon J. Lequime, of Okanagan Mission, and Miss Delphine Christien, the daughter of Louis Christien, of Vernon.

Parliamentary News

Real progress has been made in sessional business during the last week and several bills have been cleared off the order paper. The relief bill, which had to be passed under closure last year was allowed to go through with a slight amendment although still under strong protest. There was vigorous objection, particularly from the Labor members, against limiting the appropriation for direct relief to \$20,000,000 but no change was made in this clause of the bill. The clause renewing the government's order-in-council powers in the interest of "peace, order and good government" again proved the biggest stumbling-block in getting the legislation through. Hon. Mackenzie King, still adhering to his objections on constitutional grounds. The Liberal leaders reiterated his assertions of last year that this legislation deprives parliament of its fundamental control over public expenditure, and declared there was at least no excuse for this extraordinary power during the time parliament was in session. The Prime Minister, probably in the interest of peace, order and good government, conceded this point and redrafted the clause to this effect, under which form the bill was passed on a vote of 89 to 46. This small vote was the fact that it was taken on Monday evening when the usual number of members had not returned from their week-end at home.

The enormous undertaking of providing direct relief for one and a quarter million people scattered over such an extended territory is no light responsibility and Mr. Gordon must often regret the day he entered Dominion politics. It was claimed that lack of co-ordination in administration was responsible for much suffering and hardship, and the government was repeatedly urged to put the whole administration under a national committee, directly responsible to the Dominion government. The Minister objected to this, claiming it would be an invasion of provincial rights. Also, it would practically shut out the present valuable contributory efforts of a voluntary character by individuals and organizations, and these were good for both giver and receiver. In reply to criticism of the government's actions in extensive financing of western provinces, especially Saskatchewan, Mr. Gordon again explained that complete crop failure over a large area in the latter province, in some cases for three years in succession, was responsible for this. The people in this district are entirely unable to pay their taxes, resulting in the loss of the land and provincial treasuries, and it was absolutely necessary to come to the rescue, as it would be to any province in similar extremity.

With this matter out of the way the important subject now is of course; the budget. In an address occupying practically the whole afternoon sitting Hon. J. A. Ralston, Minister of Finance, in official opposition opened the debate. After condemning the budget as a whole, and most of its clauses, severally, Col. Ralston concluded with a motion of direct want of confidence in the government. His speech which one of his colleagues declared "the best of the kind" and "distinguished career" was frequently interrupted by applause from the Liberal benches, and was listened to with close attention by a full House. After criticizing the details of the budget, in which he apparently found few redeeming points, Col. Ralston said it reflected the hopeless state of mind of the administration of the government.

Great Britain the government had dared to risk the financial leadership of the world and go off the gold standard. The government of the United States had dared to "turn the key in every bank from Maine to California." "There is no self-reliance, no courage, no leadership," said the critic. "No leadership" said the government in reply. Canada might do, but leaving upon the possibilities of something being accomplished at the world Economic Conference, if and when it is held. If the government won't lead the people the people will lead the government," which brought enthusiastic approval from Liberal admirers.

Hon. J. I. Stevens, Minister of Trade and Commerce, replied for the Government, his two-hour address being plentifully punctuated by approval on his own side and derision in the official opposition. Mr. Stevens, one of the best speakers in the House, is given the closest attention by all parties when speaking on non-party subjects, and it is quite equal to defending his own party policies when necessary, regardless of where the chips may fall. He drew attention to the discrepancies in Col. Ralston's criticism in declaring the government to be at the same time "domineering" and "weak and without self-reliance," "fear-stricken" and "arrogant."

The Minister said it was not fair to quote trade statistics in terms of dollars when prices had fallen so tremendously since 1928. When viewed in terms of volume, Canada's trade could be considered with pride in these times of world depression. Mr. Stevens read long lists of items in both export and import trade between Canada and the United Kingdom which had increased enormously in volume during the last year and considered this gave great hope for the future. Mr. Stevens declared the speech of the Liberal critic was "designed to catch the vote of every tax-dodger in Canada" and the honorable member had used "that time-worn expression that the taxes in the budget would fall on those least able to pay." The taxes on banks had increased since the Conservative government took office and so had the income tax on the average year's collection.

Hon. Mr. Motherwell said he could find some good points in the budget, but more bad ones. He approved the proposed royal commissions to investi-

HURRICANE WIND DAMAGES BOATS NEAR SICAMOUS

SS. Whitesmith and Smaller Craft Bear Brunt of Storm—Tree Strikes Locomotive

SICAMOUS, B.C., April 4.—Due to the hurricane which swept across here early Monday morning, Sicamous was without electric power and light until eight o'clock Tuesday morning. As a result of the wind locally, some damage was done to the SS. Whitesmith, and several small craft belonging to the Shuswap Lake Boat Livery. These boats bore the brunt of the storm off the lake. A smoke stack on the round house was blown over.

Telegraph and telephone lines were considerably damaged south and west of here. The Canadian Pacific had repair crews out shortly after the storm struck. The tender of an engine, in charge of Engineer Crawford, was struck by a falling tree, three miles west of here, as the locomotive slowed down to permit the crew to clear a tree from the rails. Yesterday morning debris covered the Vernon road at various points. All lines of communication were cleared by six p.m. Tuesday.

Trains Delayed
On Tuesday last, train No. 1, from the east, due to a delay near Downie, did not arrive here until 12:45 o'clock, the south branch leaving here at one o'clock for Okanagan Landing. Yesterday train No. 1 was again late, but the south branch did not wait, leaving Sicamous on time. Snow and rock slides in the mountains caused the delay of the main line train.

A meeting of the Eagle Valley Mosquito League was held in the Sicamous Hall on Thursday evening. In order to raise funds for necessary work in combating the mosquito plague it was decided to hold a dance in the hall on Thursday, April 20, next. Prizes which have been donated by several business firms will be awarded to the dancers. Although the fishing season commenced on Saturday, no catches of great importance were reported. Adverse weather conditions somewhat dampened the order of the enthusiasts. Probably the big wind will bring about ideal spring weather.

gates the monetary situation but considered this step should have been taken long ago, before the situation became so bad. He could also approve the principle of the stabilization fund but thought the matter should come before the agricultural committee that the members of the House might know why the benefits should be continued to a comparatively few commodities. For instance, why had such important things as lumber and apples been omitted. In commenting on Mr. Stevens' claim that volume not value should be the test of trade, Mr. Motherwell said "On that basis the Minister of Trade and Commerce proves that we have imported more castor oil, more bologna, and more nuts." The former Minister of Agriculture said the present Minister of that Department, Mr. Weir, had his faults but the Angel Gabriel himself could do little for agriculture in the present administration.

Investigation of Banking
The spokesman for the farmer group, G. G. Coote, U.F.A., Macleod, confined his remarks largely to the government's financial policy and the matter of the proposed royal commission to investigate the banking system. He thought this would be a good thing if the commission was not confined to the few members of the Canadian bankers. He thought there should be some eminent British economists such as Lord MacMillan, Rt. Hon. Reginald McKenna or John Maynard Keynes selected, as well as some Canadians capable of giving an unbiased report. He disapproved of "nuisance taxes" and urged that they be discarded, saying that the restoration of prices by monetary reform would furnish all the money the government would need.

Good Case For Gold Standard
The budget was crowded out of this article by one of the most interesting discussions heard in the House for some time. This arose out of a bill brought in by the Minister of Finance relating to the export of gold and included a lengthy speech by the Prime Minister on the monetary situation, especially as it related to this country. Interested attention and an occasional question assured the Prime Minister that his remarks were very much in order and he made out a good case for the gold standard, especially as it relates to Canada, although some of the members disagreed with his premises. Anyone interested in this subject and having access to Hansard of March 27 would find the discussion not only informative but far from dull.

A bill sponsored by the Minister of Justice to forbid the carrying of firearms, occupied one whole afternoon and is not yet concluded. The principle was agreed upon but details required discussion, and one amazing, to most people, fact was brought to light, that it is contrary to law for any child under sixteen to have fire arms, including an air-gun.

MUSIC TEACHERS AND PUPILS

Midsummer Local Examinations for 1933 will be held throughout the Dominion in May, June and July next. Applications and fees for candidates from British Columbia, Alberta, Saskatchewan, Manitoba and North Western Ontario (Bault St. Marie westward) must reach the Conservatory not later than MAY 1st, 1933. Application forms and Syllabus containing full particulars will be mailed on request. TORONTO CONSERVATORY OF MUSIC, COLLEGE ST. AND UNIVERSITY AVE., TORONTO 2

ARMSTRONG WOMEN PROTEST AGAINST SUGAR TAXATION

Women's Institute Branch Considers New Levy Will Increase Living Costs

ARMSTRONG, B.C., April 3.—The Armstrong branch of the Women's Institute protests most strongly against what it considers the excessive amount of the proposed Dominion Government tax of two cents a pound on sugar. This tax, the members state, if maintained at the intended figure, will increase the actual living costs of all those classes of the population least able to contribute to national expenditure, in a way that will impose on them a burden of actual deprivation and distress out of all proportion to the results that are sought to be obtained, or to the burdens that are imposed on others. This was the tenor of a resolution adopted at their meeting on Wednesday of last week.

The Institute further desires to point out that a tax of such an amount on sugar will operate disastrously in many ways upon the fruit industry of the Okanagan Valley and elsewhere, where the labors of the producers are already reduced below the line of profitable operation by a variety of natural and economic causes. It will also operate as a severe handicap upon all those industries in the Dominion which make use of sugar as raw material, in meeting competition from abroad.

The Institute further directs that copies of this resolution shall be sent to the Minister of Finance at Ottawa; to Grote Stirling, M.P., at Ottawa; and to all branches of the Women's Institute in the Okanagan Valley, requesting that these branches will endorse the same and with the least possible delay communicate their objection to the Finance Minister at Ottawa and to Mr. Stirling.

After making final arrangements for the bird house exhibition, and passing a vote of thanks to all who helped to make the waffle supper on Shrove Tuesday night a success, the Institute meeting decided to make further arrangements for catering on the ground for those who would want meals served there on the occasion of the school track meet. The suggestion had been made that such provision of meals on the ground was likely to interfere with the ordinary business provision for such in the City. The Institute was anxious to avoid doing this, and although they had been asked by the management of the meet to provide, inquiries had been made as to whether it would be really necessary. The result of this went to show that the influx of visitors on the day of the track meet was likely to be a very large one, not only from all valley points but from several on the Main Line as well.

The Secretary of the Okanagan Valley Preventorium at Kelowna, wrote explaining that the work would be carried on during the coming summer of endeavoring to counteract the conditions in many sufferers which predispose and lead up to tuberculosis. The continued active interest of the Armstrong Institute in the work of the place was desired.

Grindrod Women's Institute wrote accepting an invitation from Armstrong to be entertained by the Institute here at a joint social gathering, to be arranged at an early date.

Reports were received from the convenors of the Home Economics committee and the Health and Better Schools committee.

The roll call was taken, with the name of each member's favorite card game as the response. Bridge was the undoubted favorite.

A number of visitors came in, at the conclusion of the meeting, to take part in an hour's whist drive, wherein Mrs. F. North won the leading prize, and Mrs. H. several of the consolation prizes. Lockhart and her "Circle" served tea. It was announced that in response to many requests, Mrs. H. Whitaker would give a demonstration in the use of the spinning wheel at the next meeting of the Institute.

BADMINTON CLUB AT CENTRE ENDS SEASON'S PLAY

Social Evening Marks Wind-Up of Winter Activities—Tennis Players In Evidence

OKANAGAN CENTRE, B.C., April 3.—On Friday evening last the Badminton Club held a social evening to mark the end of the season. The players were divided into two groups, the "whites" headed by R. Wentworth, defeating the "blacks," led by T. Collinson. Friends were invited for the evening and some played bridge while the others wiled away the time solving an ingenious puzzle, evolved by J. Gleed, containing the surnames of Badminton members and Centre residents.

Supper was served by Mrs. J. Gleed, helped by the ladies of the club.

In spite of chilly breezes a number of tennis players were present at the opening of the season, on April 1.

A. Thompson, of the Commongage, spent a few days at the Centre.

H. Ward, of Kelowna, has been staying with his nephew, C. Fallowes, manager of the Associated Growers' picking house. Mr. Fallowes is moving into the Lund Company's house on the Lake frontage.

"MADAME BUTTERFLY" IS REVIVED AS FILM

Sylvia Sidney Stars As Geisha Girl In Classic Story Retaining All the Beauty

The plangent beauty of "Madame Butterfly," Paramount's latest production with Sylvia Sidney, Cary Grant and Charlie Ruggles in the leading roles, come to the screen of the Empress Theatre on Monday and Tuesday, April 10 and 11.

This inspired love tale from John Luther Long's famous story, of a real geisha girl who actually lived, is universal in its appeal. The production has been deftly handled with a keen appreciation for all the beauty in the original story.

Miss Sidney plays the role of Cho-Cho-San, daughter of a Samurai who had "died with honor" when he could no longer live "with honor." Taken to a geisha house by her mother and grandfather to await the coming of a rich suitor, she meets Cary Grant, in the role of an American naval officer on shore leave with his pal, Charlie Ruggles. Grant, despite the fact that he has a sweet heart in the States, falls in love with Cho-Cho-San.

Fire Destroys University Building

SECOND FIRE WITHIN FEW DAYS
It's getting to be a habit. Fire broke out at two spots March 18, destroying Centennial Hall, Mount Allison university, Sackville, N.B., and not many days ago—when this picture was taken, the academy was damaged. Students fled from the gymnasium in their scanties

OKANAGAN VALLEY OIL INVESTORS ARE SURPRISED

Company Formed Twenty Years Ago Pays Dividend—Many Had Forgotten Project

KELOWNA, B.C., March 31.—Dividend cheques to shareholders in the Gralan-Oil Company, received by many Kelowna and Vernon residents last week, awakened memories of the time about twenty years ago when so many people were induced to take stock in a wonderfully described and allegedly valuable oil holding. Two brothers, from Kelowna, went to California and bought some excellent oil leases. They then formed the Canadian Pacific Oil Co. of B.C. Ltd., to which their leases were sold and the company sold stock.

The promoters were so confident of the value of their leases that they came to Kelowna and paid the expenses of a man to investigate. On his favorable report a great deal of Okanagan Valley money was invested. Wells were sunk and oil was produced, but investors failed to understand that the company was so over-capitalized that it could not hope to pay reasonable dividends.

Reorganized, change in management, and a new name, the company started to make headway, and small surpluses were put aside until about ten years ago the shareholders got a pleasant surprise in a dividend cheque. The same thing has happened again, and after a long period during which many had forgotten about the company another dividend has been declared and several cheques found their way to Kelowna and Vernon last week. Coming at this time the money is welcome to many and one man declared that his small cheque money was more to him right now than the original investment of several hundred dollars did twenty years ago.

LAVINGTON ELEVEN MAKE PLANS FOR CRICKET SEASON

Younger Players To Join With Vernon Juniors—Practice Begins—News Items

LAVINGTON, B.C., April 3.—The Lavington and Coldstream cricketers called a meeting last week to prepare plans for the coming season. Jack Percival has been named Captain and Jack Ascroft, Secretary. The younger members of Lavington and Coldstream are also joining up with the Vernon juniors. Owen Kemp, Jack Blankley and George Bingley are among the juniors signing up from this end of the valley, and with their able leader, H. B. Monk, to coach them, are keenly looking forward to a few good games. Practice games begin at once.

Miss Alice East motored to Salmon Arm on Wednesday last en route to Lytton, where she commences "on school duties and expects to be absent some time for some months."

It has been decided by the Parent-Teachers Association to postpone their whist drive and dance from April 21 to April 28, so as not to clash with other coming events about that time. The next meeting will be held on Wednesday, April 12, and not on April 11 as before stated. There will also be a lantern lecture kindly given by Capt. Coombes at 7:30 p.m. on Persia, and it is hoped a good crowd will attend.

Larry Evans, of Oyama, was a recent week-end visitor in Lavington.

Miss "Cis" Murray, of Kelowna, spent the week end here as the guest of the Misses Dorothy and Connie Milne.

Mr. and Mrs. Reg. Foote, of Vernon, were visiting in Lavington on Sunday, also Mr. and Mrs. A. Thrupp, of Vernon.

Anglican service will be held in Lavington School on Sunday, April 9.

START WORK ON RUTLAND CHURCH

Anglicans Erecting Building On Splendid Site Donated By Ben Hardie

RUTLAND, B.C., April 3.—Work was begun last week upon a building for the use of the Anglicans of Rutland. The site for a church was donated by Ben Hardie some time ago, the north-west corner of P. Graf's property having been purchased for this purpose. As the time is not propitious for the building of a church it was decided to erect a small hall, to be used for church and Sunday School services, later to be used as a parish hall when funds permit of the erection of a church building. Work on the building is being supplied in the most part by volunteer labor.

F. Siefred, of the firm of the Okanagan Shippers, of Kelowna, returned home from Oliver on Saturday, after spending the past week signing up acreage of soft fruits for his firm.

The Women's Association of the Rutland United Church, held their regular monthly meeting at the home of Mrs. George Fletcher on Friday afternoon, March 31. The ladies plan to hold a "jumble sale" shortly to aid their funds. The next meeting will be at the home of Mrs. W. McDonald.

The Boy Scouts and Wolf Cubs are working hard in preparation for their 11th annual entertainment which is to be held in the Easter week. The troop now has 35 Scouts enrolled, and the pack has 29 cubs.

Miss Bessie McLeod was hostess at an enjoyable dance in Gray's packing shed on Friday evening last, when some 60 or more young people attended. The dance was a "dress up" affair, all guests being asked to come in juvenile costume for a "children's party." The girls adopted the idea with enthusiasm and many amusing costumes were to be seen. The boys failed to rise to the occasion, however, only a few appearing in juvenile attire, the rest being too shy and modest to make themselves conspicuous, at least that was the reason given.

An attractive girl but---no telephone!

"What's the matter with me anyway, Mary?" Grace wanted to know. "I don't think I'm unattractive, but I'm seldom invited out by boys—or girls either, for that matter."
"Of course you're not unattractive, dear," said her chum, "but how can you expect 'dates' when you isolate yourself so?"
"Isolate myself?"
"Just that! You have no telephone, and a person without one is—well, just out of the 'swim.' Nowadays people who 'go places and do things' don't plan for weeks ahead. Most of their affairs are of the spur-of-the-moment kind. So if they can't reach you by telephone, they don't reach you at all."

B.C. TELEPHONE CO.

AUTO DRIVING IS STILL DIFFICULT TRINITY VALLEY

Snow Still Deep For Wheeled Vehicles—Community Club Affair Well Attended

TRINITY VALLEY, B.C., April 1.—The Community Club entertainment was held at the school house last Saturday evening with a good gathering of about 35 present. The first part of the evening was spent playing whist, after that the school children gave several songs, accompanied by the guitar, while dancing completed the evening.

The prize winners at whist were: Lady's first, Mrs. Ted Bailey; gentleman's first, Jimmie Grant; lady's booby prize, Miss G. Remsbery; gentleman's booby prize, E. W. Bailey.

Mrs. H. Worth, Kenny Worth and Harvey Worth made the trip into Vernon over the week-end, and back again by car. They travelled when the "crust" was on the road as auto driving is not easy this side of Powell's camp.

Rain has been busy thawing out the snow up here lately, and sleighing is difficult in places, while in others the snow is still deep for any wheeled vehicle.

\$1,000 FOR NAMES another MYSTERY CAKE

First Prize \$250, Second Prize \$100, Third Prize \$50, 60 Prizes of \$10 each

Miss M. McFarlane Created the Recipe for this

MAGIC MYSTERY CAKE

Contest Rules Read Carefully

- 1 Contest is for residents of Canada and Newfoundland only.
- 2 All you do is name the mystery cake. Only one name from each person.
- 3 PRINT at the top of your paper in ink (or typewrite) "Miss McFarlane's Mystery Cake." Under this, print your suggestion for a name. Then, in the lower right-hand corner, print your own name and address, clearly and neatly. Do not use pencil.
- 4 Do not send the cake itself—just the name and your own name and address. It is not essential to bake the cake to enter the contest.
- 5 Members of our own organization or their relatives are not eligible to take part in this contest.
- 6 Contest closes APRIL 30, 1933. No entries considered if postmarked later than April 30 midnight. No entries considered if forwarded with insufficient postage.
- 7 Judges: Winning names will be selected by a committee of three impartial judges. The decision of these judges will be final.
- 8 Prize winners will be announced to all entrants within one month after contest closes.
- 9 In case of a tie, the full amount of the prize money will be paid to each tying contestant.
- 10 Where to send entries: Address your entries to Contest Editor, Gillett Products, Fraser Avenue, Toronto 2.

NOTE: Other Magic Mystery Cakes coming! Watch for them in later issues of this newspaper.

Get busy . . . Join the thousands of Canadian women taking part in these fascinating contests

HOW about putting an extra \$250 in your pocketbook? Name this Magic Mystery Cake. Perhaps you'll win that first prize!

Miss M. McFarlane worked out the recipe for this month's mystery cake. It's simple and economical. You'll like its delicious flavor, too! Read the recipe through. Then try to think of the very best name you can to describe it.

Better still—make the cake yourself, if you like. And be sure to do as Miss McFarlane advises—use Magic Baking Powder.

Other well-known Canadian food experts share Miss McFarlane's high opinion of Magic. In fact, the majority of them use and recommend Magic exclusively because it gives consistently better results.

Make up your mind to enter this Magic Mystery Cake contest right now. Try to win one of the 63 cash prizes.

ARMSTRONG BIRD HOUSE DISPLAY IS SUCCESSFUL

Keen Competition In All Classes — Boy Wins Prize In Cake Contest

ARMSTRONG, B.C., April 3.—The competitive display of bird houses and of domestic cooking, the handwork of the boys and girls of the district, which was put on at the Recreation Hall on Saturday afternoon, was one of the most interesting that have been seen in Armstrong since these exhibitions were first started. It was also one of the best patronized by the public as spectators.

An amusing feature was that one young gentleman, Jack Harrop, boldly entered a cake in the girls' classes. The reception committee were somewhat perturbed by his audacious act, but they decided that there was no good reason why he should not have his chance, and he won his prize.

Some of the bird houses had been constructed under the partial supervision of Mr. North, the former manual training instructor, but in every case the actual work was done by the young exhibitors.

On the other side of the Hall there was a most toothsome looking show of light cakes and biscuits, the excellence of which promised well for both the pleasure and digestions of the inmates of the future homes for which these young ladies will provide. Armstrong has held a marked place in the provincial-wide junior competitions as to knowledge of what is good cookery, that have been held in former years at the Vancouver Fair, and although those competitions have now been withdrawn, it is plain that the capacity is still there.

The decision of the Women's Institute, which organized the exhibition, to make no call this year upon the generosity of the city tradesmen to provide prizes, but to try to let the exhibition itself raise the funds to furnish them, was amply justified. No charge was made for admission, but the spectators were confronted with a number of stalls carrying for sale such a tempting array of cakes and pastries and all manner of candies, that there was no lack of purchasers.

The Mayor, E. Poole, who opened the show, together with J. H. Wilson, chairman of the School Board, were received by the President of the Institute, Mrs. Knight, Harris, and Wilson from the stage in a few words introduced the Mayor, saying what a pleasure it was to them to have the presence of his presence that day.

The prize list was as follows: Bird Houses Over 16: A. Livingstone, Pete Bellow, Donald Comber. Over 14: Bobby Johnson, Jim Thornton, Nigel Rees. Over 12: Nick Polichuk, Guy Hobson, Pete Paras. Under 12: Equal 2nd, Ernest Thompson and Jamie Crozier. Specials for originality: A. Livingstone, Joe Woronchuk.

Cooking Baking Powder biscuits: Over 16: K. Crozier. Over 12: Edna Harry, Helen Somerset, Winifred Van Kleeck. Under 12: Hazel Parkinson, Pat Warner, Elizabeth Smith; special 3rd, Claudia Holman. Light cake: Over 16: Edith Hollingworth. Over 12: Phyllis Livingstone, Louise Lane, Connie Nash; special 3rd, Jack Harrop. Under 12: Doris Noble, Betty North, Genevieve Becker. School lunches: Over 16: K. Crozier. Over 12: Betty Whitworth, Dorothy Crozier, Joan Aldworth. Under 12: Leila Hope.

Darning and Patching Patching: Over 14: Kathleen Crozier. Under 14: Jean Allen, Winifred Van Kleeck, Edna Harry; special 3rd, Irene Harrop. Darning: Over 14: Helen Somerset. Under 14: Joan Aldworth, Margaret Dixon, Jessie Down.

OKANAGAN LANDING SUMMER RESIDENCES ARE BEING FILLED

OKANAGAN LANDING, B.C., April 3.—Mr. and Mrs. D. A. McBride are in their summer home here, after spending the winter in Vernon.

Mr. and Mrs. E. Cooke, who for the past few years, have been residing in Major North's house, are now in their own place.

Mr. and Mrs. R. T. Power, who spent the winter at the National Hotel in Vernon, have returned to their home here.

G. A. Weeks, of Penticton, visited Mr. and Mrs. W. F. Van Antwerp, last week.

Particulars of Advances to be Made Apple and Pear Growers In U.S. on Extra Fancy, Fancy

To Be Secured By A First Mortgage Lien On Growers Crop and Equipment

Some information regarding the proposed loans to be made to the apple growers in the state of Washington is given in the following clipping from the Okanogan Chronicle. It is expected that between five and ten millions of dollars will be advanced to apple and pear growers of the Pacific Northwest. The information given by the Okanogan Chronicle follows:

Loans to apple growers will be made on a 55 cents per box basis, with an additional 3-1/2 cents minimum selling commission. It was definitely announced late last week by B. E. Towle, general manager of the Regional Agricultural Credit Corporation of Spokane. The information was contained in a program for financing which has been arranged by the federal corporation through which it is expected between \$5,000,000 and \$10,000,000 will be advanced to apple and pear growers of the Pacific Northwest.

Steps Are Outlined Following is a tentative outline of procedure:

1. Application blanks will be furnished by the R. A. C. C. through its various offices and through banks and dealers at principal centres. 2. Committees will be appointed by the R. A. C. C. in each community in the fruit districts, to consist of three representatives of grower and dealer interests, who will forward applications to Spokane. 3. A field force of R. A. C. C. inspectors will make an original inspection of property before loan is granted. 4. Direct payment of funds to meet necessary operating expenses will be made to each grower on a budget basis, as needed. 5. Grower must select a satisfactory commercial packing plant, unless he is properly equipped to do himself.

Exclude "C" Grades Only extra fancy and fancy fruit will be financed and it is stipulated that selling must be done through selected marketing agencies.

Money will be advanced strictly on a basis of actual cost of production and on a budget basis. Maximum of 16 cents a box will be allowed for growing costs, 12 cents for harvesting and 27 cents for packing, a total of 55 cents per standard pack box.

Allowance of selling commissions in addition to the 55 cents actually means the grower is being granted an increase of 8 1/2 cents a box over the maximum financing previously authorized by directors of the Reconstruction Finance Corporation at Washington, D.C.

The increase from 50 to 55 cents was granted by the R. F. C. board last Thursday.

Must Have Collateral All advances are to be secured by a first mortgage lien on the grower's crop and equipment, and such additional collateral as is deemed necessary. No grower whose 1932 crop was 50 per cent or more "C" grade will be financed. Harvesting and packing of any "C" grade fruit produced will not be financed.

Each grower must agree to select a marketing agency through which his fruit will be sold. The marketing agency is to be named later under regulations to be set forth by the R. A. C. C. covering the requirements, qualifications and operations of an acceptable marketing agency, which will include schedule of graduated selling commissions from 3 1/2 cents to 8 cents a box.

The grower will have the privilege of selling his crop direct at any time when approved by the R. A. C. C., but in such cases he must pay a minimum marketing fee of 2 1/2 cents a box on apples, with proportionate increases when the selling price exceeds a minimum of 75 cents a box. The R. A. C. C. will have directors to have supervision over sales methods and procedure.

Growers must show evidence 55 cents a box will be sufficient to completely finance the growing, harvesting and packing of their crops.

PENTICTON CLUB ENDS SEASON'S BADMINTON PLAY

Handicap Events Run Off On American Plan Prove Very Popular

PENTICTON, B.C., March 31.—With the season drawing to a close, the Penticton Badminton Club held a series of competitions. The mixed doubles, open, was won by Miss Hookam and Mr. Pooley from Miss N. Bernard and Mr. Dodwell. Handicap events, which have been worked through to a conclusion this week-end were, in the mixed doubles, run on the American plan in which all play all. The players were given a hidden handicap, which was not disclosed until after the tournament, when the average of the scores are taken and the scheme proved popular.

Miss Livingstone and Roundhouse led in the mixed doubles. In the ladies' doubles, handicap event, Mrs. Birtch and Mrs. Roundhouse, scratch, defeated Miss J. Beatty and Miss Livingstone, plus 2. The men's doubles handicap was won by Dodwell and McLeod, minus eight, who defeated Roundhouse and Haskins, plus two, 16-6, 12-15, 15-0.

SERIES OF WINTER WHIST DRIVES ENDS

GRANDVIEW BENCH, B.C., April 3.—The series of whist drives held in the School House this winter came to a close last Friday evening. Prizes were given for the winner of the series, which were won by Mrs. J. A. Turner, ladies' first; consolation, Mrs. Whitehead; gentlemen's first, Konrad Schneider; consolation, Stanley Baldwin.

Mrs. E. J. Metcalfe, accompanied by her children, returned to her home after spending several weeks with her mother in Armstrong.

Mr. and Mrs. Alfred Elston spent last week visiting relatives and friends in Enderby.

B. McSherry spent last week in Deep Creek.

SHIELDS COMPANY COMPLETES FINE STORE AT LUMBY

Building To Replace the One Destroyed By Fire Last Fall Is Greatly Admired

LUMBY, B.C., April 3.—With the installation of plate glass windows last week in Shields and Co.'s new store, Lumby is quite the newest of its kind, which replaces the one destroyed by fire last fall.

With a frontage of 54 feet the building is built of hollow tile walls plastered inside. There is a modern front of glazed tile under plate glass windows, the latter being held in place by an aluminum sash, while the entrance is carried out in glazed tile in a scheme of black and white, contrasting favorably with the red tile of the outer walls.

The building is well lighted with a large central sky light, built up roof, good window space with concealed lighting, and the interior finished in Coast fir with a natural finish. Modern fixtures occupy the main floor. Further up on the mezzanine floor where furniture will be on display, there is a rest room for ladies and the main office.

In addition to a full size basement there is a large storage room, and water supply for the store will be supplied by a special system to be installed.

It is not certain yet when the new premises will be occupied, but the building is a monument to Mr. Shields' faith in the Lumby district.

Sigale & Co. have received a contract for C.N.R. ties.

Miss Hayhurst, of Armstrong, was a visitor for a couple of days last week at the home of her brother and sister-in-law, Mr. and Mrs. J. Hayhurst.

J. Quessel is down from his trap line on the plateau and reports plenty of snow still in that region.

Mr. and Mrs. T. H. Butters came in from the Coast on Sunday.

Institute Membership Open

At a meeting of the Farmers' Institute held on Tuesday at the School House, it was decided that membership which had been restricted to bona fide farmers be open to all residents of the district, while the membership fee is placed at \$1. To the regret of many S. Derry, who had had previous experience in the office some years ago, resigned the Secretaryship at this meeting. F. E. Christner was appointed Secretary-Treasurer in Mr. Derry's place.

The government is building a loading platform near the Public Works shed here.

Bull Attacks Brothers

The Schmidt brothers met with what might have proved a serious accident last week when taking possession of the Doran Ranch at Blue Springs, which they have rented. They were attacked by a bull at large which charged one brother head on, breaking the man's teeth and injuring his face before being attracted by the other brother on whom it turned, allowing the first to make his escape. Both men got away from the animal finally.

DISCONTINUE CHEAP RATES

The following statement has been jointly by the Canadian National and the Canadian Pacific Telegraphs: "Effective April 1st the present week end letterable service from Canada will be discontinued. In addition the cable night letter rate will be based on one third of the full rate charge with a minimum of 25 words. This rate applies to all countries except Great Britain and Ireland, Belgium, France, Holland and Cuba, to which countries there is no change in the present minimum charge and word rates." The above changes were authorized by the Cable Companies of the world at a recent convention held in Madrid.

"Men's Hearts Failing Them For Fear"

"Say unto them that are of a fearful heart; Be strong, fear not; behold your God will come with vengeance, even God will come with recompense; He will come and save you from the hand of the enemy." "For your thoughts are not my thoughts, neither are your ways my ways, saith the Lord." "And His name shall be called wonderful, counselor, Prince of Peace."

Jesus what a wealth of comfort in just one word, Jesus Christ, our King, dwell upon the vision of his countenance, the peace, the security, "without money and without price!" "Oh ye blind, sin-laden, weary old world! at the end of a so-called Christian era, seeking still (?) a leader—How long shall your systems last? Do you vision your children and their children's children still living in sin and disease?—blindly groping for, and vainly striving to bring forth the Utopia of your dreams!"

Visualize a glorious new world of sin and sick free humanity basking in God's light, enjoying prosperity and health, brought for you by the death of your saviour, Jesus Christ, and yet still you reject Him, your only hope and salvation.

Oh Lord open thy people's eyes and let their hearts and minds only seek to thee, haste thy reappearing and let the glory of God come in, not a mystical kingdom of a realm of spiritual remoteness, but a living visible kingdom here among us with Christ, in person walking again this earth, ruling all nations and peoples, guiding us, and showing us the way back to perfect communion with God, our Father.

Let us pray as Christ told us to, in all humility "Thy Kingdom come" and look for our Lord's return for its consummation and its triumph over any church, government, ourselves, or any particular man to bring it forth.

"And then they shall see the Son of Man, coming in great power and glory."

FALKLAND RAISES FUND FOR EMPIRE DAY SPORT PLANS

Dance In Hall Under Sports Committee's Auspices Is Very Well Patronized

FALKLAND, B.C., April 3.—A dance was held in the hall on Friday evening last under the auspices of the Empire Day sports committee. It was well patronized and a substantial sum was realized for the cause, the local musicians helping out by donating their services.

Mrs. V. M. Foss left on Saturday's train for Vancouver, where she will spend a short time.

Mr. and Mrs. E. Gotobed are to be congratulated upon the birth of a son on April 1.

The Rev. A. Crisp returned from Vancouver on Saturday where he spent several days attending the meetings of the Oxford Group Movement which were being held there.

Nothing so near approaches death as a broken trust.

ROYAL YEAST CAKES

make breads light and tasty...

FOR OVER 50 years Royal Yeast Cakes have been the standard of quality. Sealed in air-tight waxed paper, they keep fresh for months. Keep a supply handy. And send for the ROYAL YEAST BAKE BOOK to use when you bake at home. Address Standard Brands Ltd., Fraser Ave. and Liberty St., Toronto, Ont.

Try this Easy-to-Make Recipe for FORM CAKE

Cream 1/4 c. sugar with 1/4 c. butter. Add to 1 beaten egg and beat until light. Add 1 c. lukewarm milk. Stir well. Add 1 cup Royal Yeast Sponge*, 1/4 c. citron, 1/4 c. raisins, 1/4 c. chopped almonds, 1/4 tsp. salt, and enough flour to make soft dough (about 4 cups). Knead

well. Cover and set aside in warm place for 15 minutes to rise until double in bulk (about 1 1/2 hrs.). Knead down and place in well-greased tube pan. Brush top with egg and bake in moderate oven about 45 minutes.

*ROYAL YEAST SPONGE

Soak 1 Royal Yeast Cake in 1/2 pint lukewarm water for 15 min. Dissolve 1 tsp. sugar in 1/2 pint milk. Add to dissolved yeast cake. Add 1 quart bread

flour. Beat thoroughly. Cover and let rise overnight to double in bulk, in warm place free from draughts. Makes 5 to 6 cups of batter.

Put more SUNSHINE days on your calendar

How many days in the month do you feel your best? You can add to these sunshine days by simply obeying nature's laws.

The first of these laws is regular elimination. Avoid common constipation by eating a delicious cereal.

Tests show Kellogg's ALL-BRAN furnishes "bulk" to exercise the intestines, and vitamin B to help aid regularity. ALL-BRAN also contains twice the iron of an equal weight of beef liver.

The "bulk" in ALL-BRAN is much like that in leafy vegetables. How much more pleasant than pills and drugs—so often habit-forming.

Serve as a cereal or use in cooking. Directions on the red-and-green package. At all grocers. Made by Kellogg in London, Ontario.

PERCY ARMSTRONG AGAIN LEADER IN SHOOTING CONTEST

Wins Canadian National Rifle Association Cup After Final Test At Armstrong

ARMSTRONG, B.C., April 4.—The last of the three competitive shoots in connection with the Canadian National Rifle Association by members of the Rocky Mountain Rangers' Rifle Association, took place on Thursday night at the Drill Hall. The net result was a little better scoring than in the second attempt, and still better than in the first, the respective totals of the team being 909, 913, and 924, in that order, the grand total reaching 2,746. This, however, was 40 less than the total with the same gun achieved by the club last year.

On the Thursday occasion the Armstrong and Falkland gunners managed to make half of the team as against the Vernon contingent, but their total score was 32 less.

Billy Hall, of Vernon, was high man with 98, but when the totals for the season came to be figured out he did not show up this year among the prize winners.

Percy Armstrong takes the C.N.R.A. club cup this year, and the other spoon winners for average scores of 92 or over in each of the three shoots were A. Ferguson, H. Page Brown, and A. G. Thompson. Their figures are subject to correction, as to the two later shoots, from Ottawa, but are not likely to be varied materially.

CONSECRATION OF WINFIELD CHURCH TO BE POSTPONED

Absence of Bishop Doull Means That Ceremony Cannot Be Held Until June

OYAMA, B.C., April 4.—J. Elliott left during the week for Vavenby on the North Thompson river, and will be away for some months.

A. Deschamps and Clifford Deschamps motored to Penticton on Sunday, and will spend a few days visiting Mr. and Mrs. Lampard.

The Shepherd boys have moved into the Lee cottage, and are expecting their mother and sisters to arrive from Kamloops about Easter.

Owing to the fact that Bishop Doull will be away in the East Kootenays, the consecration of St. Margaret's Church at Winnipeg, which was to have taken place on April 23, has been postponed till the first week in June.

Mrs. MacCleave is here at present on a visit to her cousin, J. Craig.

Mr. and Mrs. W. Talbot have moved back to their cottage at Glenmore to start their spring work. Mr. and Mrs. Talbot, Sr. will remain here, however, till after Easter, and will then join their son and daughter-in-law at Glenmore.

For R. Fitzmaurice was the speaker at the weekly religious evening meeting which was held at the home of Mr. and Mrs. Talbot on Tuesday, and gave a very interesting talk on the British Israel World Federation. The meeting this week will be held at the home of Mrs. Thomson on Friday at 7:30, and the subject will be "God and You."

ISAACS IS GIVEN GOOD RECEPTION AT SUMMERLAND

Nearly All Growers Attending Meeting and Sign B.C.F.G.A. Membership Forms

SUMMERLAND, B.C., April 2.—Presenting his proposals for the fruit industry to a Summerland audience on Friday evening, P. Godfrey Isaacs met with little opposition, and this in a local where there are more independent than any other place in the valley. Perhaps the somewhat skeptical, but willing-to-be-convinced sentiments of Mr. Isaacs' hearers were well summed up by J. Shepherd, who, when the address was over stated, "It is worth much to hear such an optimistic in these times."

Another person present at the meeting said he believed that if Mr. Isaacs wanted to take rabbits out of his hat he could do it, and there is a growing faith here that he, and his supporters, can produce something for the fruit industry, substantiated by the members of the Co-operative passing a resolution at their annual meeting in the afternoon to sign again with the B.C.F.G.A., and by nearly all of the other growers present at the evening meeting giving their signatures. Volunteers for a personal canvass of the municipality for other names are as follows: Clement McMechan, J. Shepherd, Jones' Flat, A. McLachlan; Prairie Valley, M. Rippin; Kettle Valley Road, Peach Valley, A. Monroe; Summerland, John Tait; Trout Creek, Magnus Tait and J. Y. Towgood; Central Front Benches, A. A. Derrick; North Peach Orchard, A. A. Derrick and A. McLachlan; Victoria Gardens and vicinity, W. M. Wright.

From the results of the seven meetings addressed previous to this one, Mr. Isaacs is very hopeful of obtaining the 2,000 objective. He indicated that the reorganization form is not yet known, and is for the growers to decide. A committee of five, namely, F. C. Koop, W. C. Howell, J. Shepherd, A. Steven, and T. Washington was appointed to look into matters having to do with the local and pertaining to the extraordinary general meeting to be held at Kelowna.

Some questions were asked regarding the British Marketing Act, legislation along the line of which is hoped to give control back into the hands of the growers. It would greatly help the cartel by compelling the minority of the shippers to join. This last point was earnestly stressed by Major Hutton at the afternoon meeting when he urged every grower to satisfy himself that his particular shipper be a member of the cartel.

The ownership and price of Country Life was mentioned and explained. There was a poor attendance at the previous Isaacs' meeting here because of the cold weather, so Mr. Isaacs was asked to go over his plans again, which he did. He thought that the Isaacs' plan could hardly be worked this year, but something might be done.

Mrs. W. Hayes gave a birthday party for her sister, Mrs. Kerr on Wednesday afternoon.

Capt. H. T. Munn, who has been visiting in Ontario, en route from London, is expected to arrive here shortly to be the guest of Major E. Hutton, Breton Hill. Captain Munn's recently published "Prairie Trails and Arctic By-Ways" is one of the most interesting adventure books of the year.

The funeral of the late Herman Detjen took place from the Roman Catholic Church on Friday morning.

P. B. Freeland, District Mining Engineer, who spoke to large groups here on Tuesday and Thursday evenings in the Elementary School auditorium was enthusiastically received. While not of the text-book type of lecture these talks gave ideas which might be followed up by anyone intending to prospect, and he told where further practical information might be obtained. It would seem if no very large stakes were obtained other than a living, this would be healthy employment.

Mr. Freeland said that small deposits of high grade gold might be found in the Okanagan along creek beds or dried up stream courses. Samples of rock sent to him at Penticton would be reported on, and five samples are assayed free at Victoria.

Gold is usually found in the Pre-Cambrian rocks, and this is also the case in Eastern Canada. These rocks are rather greenish, warped, and veined with quartz. The gold has been detected in them a long time after the original formation, in the tertiary period, which is fairly recent geologically. Gold is usually found at elevations between 6,000 and 3,000 feet. When Dr. Cairns was here from Ottawa last summer he said that there was no gold in Summerland, but the prospects were good to the north and the south.

Mr. Freeland advised no one to go into the Cariboo until after June 1. Dr. Hawes, Government Inspector for bovine tuberculosis was here last week and reports this district free from this disease.

Light Rates Not to be Cut
The Council at their meeting last week decided against cutting any of the electric light rates, though if it can be proven that Crescent Beach is operating at a profit greater than anticipated, part-time users may be given some concessions.

Between 4,000 and 5,000 boxes of apples have been used for feeding stock, and dumping will be through the vacant lot to the top of the Zimmerman Gulch where they can most easily be disposed of, and covered.

D. K. Penfold issued a warning to the Council to watch the dams, and release any remaining water, as he thinks from present indications that the moisture will equal 1928.

The W. C. T. U. Senior and Junior bronze medal contests were held on Thursday evening in the Baptist Church, and George Clarke was the winner in the former group and Emily Mott was successful in the latter class.

Mrs. Nagger: "Darling, I'm sorry I've been so mean to you lately."
Mr. Nagger: "Well, this is a fine time to be sorry, I'm dead broke."

SOURD ON THE WORLD?—THAT'S LIVER

Wake up your Liver Bile
—No Calomel necessary

Many people who feel sour, sluggish and generally unwell make the mistake of taking salts, oil, mineral water, laxative candy or even a strong dose of calomel. This only moves the bowels and ignores the liver.

What you need is to wake up your liver bile. Start your liver pouring the daily two pounds of liquid bile into your bowels. Get your stomach and intestine working as they should, once more.

MORE KEDLESTON PROPERTY SOLD

Smith-Ranch Purchased By Calgary Man—Stickney Place Also Taken Up

KEDLESTON, B.C., March 31.—It is understood that the old Sturkey place is being taken up by a settler from Alberta.

Russ Kirby, who has spent the winter at his place, has returned to M. P. Williams for the summer.

G. F. Frost of the Forest Branch was up in this district on business last week.

Mr. Ward, from Calgary, has bought the late Bill Smith's ranch on the B.X.

SALMON ARM TEAM LOSES BADMINTON TOURNAY AT MARA

Home "A" Squad Wins Final Match In Cup Play—Competition Close

MARA, B.C., April 3.—The Salmon Arm Badminton "A" team came to Mara last Tuesday evening, where they played the Mara "A" team. This was the final game played for the cup, Mara being the winners, after a very exciting match. A large number of visitors from outside points, who were interested in the game, attended.

Final results were: Mrs. B. Paterson and Ed Robertson beat Mr. and Mrs. Bowden, 15-12, 15-11; beat Miss Ratcliffe and Mr. Campbell, 15-2, 15-6; beat Mrs. Rattray and Mr. Kidston, 15-10, 15-8. Miss Madge Robertson and Bob Robertson beat Mr. and Mrs. Bowden, 15-11, 15-10; beat Miss Ratcliffe and Mrs. Campbell, 15-5, 15-5; 15-8, 13-15; lost to Miss Ratcliffe and Mr. Campbell, 11-15, 11-15; lost to Mrs. Rattray and Mr. Kidston, 12-15, 17-15, 11-15. In the men's doubles, Ed and Bob Robertson beat Mr. Bowden and Mr. Campbell, 15-9, 15-11, while in the ladies' doubles Mrs. B. Paterson and Miss M. Robertson beat Mrs. Bowden and Mrs. Rattray, 15-12, 15-8.

Miss Annie Bruce left on Monday for Revelstoke, where she will spend several months with her sister, Mrs. J. Roto.

Mrs. Jack Folkard, of North Endorby, spent several days here last week visiting relatives and friends, the guest of Mrs. F. Stevenson.

The badminton dance given last Friday evening in the Mara Hall, was quite a success, many people coming from outside points. A very enjoyable time was spent by all present.

Mr. and Mrs. William Peacock and family, and Mrs. J. Pollock and children, of Grindrod, were visitors last Sunday at the homes of Mr. and Mrs. C. Coell and Mr. and Mrs. R. Coell here.

Mr. and Mrs. John Muller and children left on Saturday last to take up residence on the Poole Ranch at Armstrong, for the future.

Mrs. Edith Johnson, of Lumby, spent last Saturday and Sunday here, visiting her parents, Mr. and Mrs. Jacob Johnson. She returned on Monday's train, with her little daughter, Ruth.

CALGARY LIVESTOCK

DELINQUENT TAX PAYERS TO WORK FOR PEACHLAND

Council Reaches Decision With Regard To Unpaid Poll Tax Payments

PEACHLAND, B.C., April 3.—The regular meeting of the Council was held in the Municipal Hall on Monday afternoon at 2 o'clock. The first question for consideration was the collecting of the delinquent 1932 poll taxes still unpaid. Several members of the militia had said that they were exempt from this tax. It was decided that unless a certificate of exemption was produced by these individuals the "poll tax" would have to be paid. There was some discussion regarding the advisability of trying to collect from persons who were on relief, and a resolution was put through providing that any poll tax payers in special cases who were unable to pay should be allowed to work on the poll tax. This ruling was to apply to 1933 taxes only.

Notification was received that there would be no further relief after March 31, and that no accounts should be submitted to the Government covering the period after that date.

A by-law to authorize the sale of tax sale property passed its first, second and third reading. A letter was discussed from E. A. Baptist requesting a reduction in his business tax. This was refused and it was also decided to collect a sales tax from an automobile salesman. A resolution was passed fixing the 1933 indemnity for the Reeve and Councilors at \$3 a meeting, with 14 meetings being allowed for during the year. It was decided to pay this indemnity quarterly. Indemnities for Magistrate, Fire Chief and Medical Health Officer are also to be paid on a quarterly basis.

A letter from the Summerland Hospital Board suggesting that the Council name a representative to sit on the Hospital Board was left over for future consideration. Attention was drawn to damage to the plaster, following a recent affair held in the Hall and it was decided to hold any society or organization who rented the Hall responsible for any damage done to the building. The sum of \$230.25 owing to the Water District was voted to be applied on the counter account owing to the Municipality. A bill which was received from the Trepanier Water Users' Community for water rates on reverted land was tabled for further investigation.

R. N. Martin, chairman of Finance, reported \$121.02 spent on the water system during the month, \$231.90 on roads and \$187.67 on the electric light upkeep; \$74.80 was spent on property and \$91.10 for relief.

Cards of Thanks

Mr. and Mrs. T. Hoshizaki and family desire to express their sincere thanks to Dr. J. B. Baldwin, nurses and staff of the Vernon Jubilee Hospital for their kind attention given their daughter, Miss Hoshizaki, who was admitted to the hospital on March 28, 1933, and to the many friends who visited her and sympathized with the family during her illness.

In Memoriam

MALTMAN—In loving memory of our dear husband and father, James Maltman, who passed away, April 6, 1933. Remembrance is a golden chain. Death tries to break, but all in vain. We have the greatest sorrow of our hearts. Inserted by his loving wife, daughters and grand children.

MORRIS—In loving memory of our dear son, Cecil Frederick, who passed away, April 3, 1933. Just a sweet memory of days gone by. A constant feeling that God alone knows best what might have been. Too dearly loved to be forgotten. From his loving father, mother and sister Barbara.

IN THE MATTER OF THE "COMPANIES ACT"

In the Matter of The Vernon News Publishing and Printing Company, Ltd. NOTICE IS HEREBY GIVEN that a Meeting of the Creditors of the above named Company will be held at the Office of the Company, Vernon, B.C., on Thursday, the 27th day of April, 1933, at 10 o'clock in the forenoon, at the hour of Three o'clock in the afternoon.

DATED at Vernon, B.C., this 23rd day of April, 1933, Nineteen hundred and Thirty-three.

(Signed) G. W. GILBERT, Liquidator.

PEACHLAND YOUNG PEOPLE PRESENT FINE PROGRAMME

Concert in Municipal Hall Under Auspices of Young People's Society Well Attended

PEACHLAND, B.C., April 3.—An excellent concert was held in the Municipal Hall Friday evening by the Young People's Society of the United Church, and the large audience present enjoyed the wealth of previously undiscovered talent displayed. Great credit is due the organization for presenting such a splendid program. The position of chairman for the evening was ably filled by Miss Thelma Scott. The introductory number, a Shadow Play with Frank Kinchin as Dr. Kill-lem Quick, Orlan Williams as Dr. Kill-lem Quick, and Verne Cousins as Dr. Kill-lem Quick, was carried out in such realistic fashion that much sympathy was felt for the patient.

"Pack Up Your Troubles" and "Happy Days Are Here Again" were sung by the chorus with enthusiasm, and were much enjoyed, as was also the piano duet by Miss Leah and Paxton Morsh. A play portraying the difficulties of spring painting was well carried out with Miss Ivy Law as Mrs. Bunker, Harold Cousins as Mr. Bunker, Myrtle Brinson as Tom Bunker and Ormond Eddy as Deacon Flanders. The enjoyable mouth organ duet by William Bradbury and O. Eddy was a surprise to their hearers.

A debate "Resolved that city life has more advantages than country life," brought out some unusual points and excellent subject-matter. The affirmative was taken by Miss Ivy Law, Miss Pearl Brinson and Edgar Bradbury, with the negative represented by Jim Young, Miss Melba Bedford and E. Bowring. The judges were Mrs. Morsh, R. J. Hogg and B. F. Gummow. In giving the decision of the judges Mrs. Morsh said that although they had great difficulty in making a decision they thought that the negative had the advantage.

Following a ten minute intermission a Musical Pantomime was splendidly presented by Miss Sadie Todd as the Muscovite maiden, Vernon Cousins as Abdullah Amir, Jim Young as Ivan Seckevsky, Ormond Eddy as the Sultan, Turkey and Geoffrey Todd as the Czar of Russia. The theme was sung by Harold Cousins, with the violin music coming from behind the scenes being played by Paxton Morsh. The duel between Abdullah Amir and Ivan Seckevsky was a very dramatic and interesting scene. The costumes were very elaborate and the acting was of a high order. The scene of the Sultan and the Czar riding along on kiddy cars to catch the dying words was pathetic in the extreme.

A duet by Edgar and William Bradbury, accompanied by Miss Leah Morsh with a violin obligato by Paxton Morsh, and a violin solo, "Scotch Pastoral" by Paxton Morsh, accompanied by Miss Leah Morsh were received with appreciation. "Uncle Hiram's Gold," a play with Amos Brinson as Uncle Hiram, Miss N. Kinchin as Mrs. Bob, Miss Pearl Brinson and Miss Tilton as the Misses Putney, F. Kinchin and Miss Frances Tilton as Elder and Mrs. Mason, and William Bradbury as Mr. Whyte, provided much amusement.

"Juanita" was sung as a quartette by Miss Thelma Scott, Miss Leah Morsh, P. Morsh and E. Bradbury and was pleasantly received. The rendering of "When the Moon Comes Over the Mountain" by Cheslie Haker as a baritone solo, accompanied by Miss Hilda Hunt, were also appreciated by the audience. A constant burst of laughter followed the acting of a silent pantomime, in which Harold Cousins was the blushing maiden and Ormond Eddy, Verne Cousins, Geoffrey Todd and Jim Young were the aspiring suitors.

Fruit growers who have wrapped their young trees this year are well pleased with the way that the trees have wrapped. Except in cases where the wrappings have come unstuffed the trees have wintered without any damage from the deer. Those who depended upon the naphthalene flakes, or "moth balls" for protection are today sadder and wiser men, for these were no protection at all, in spite of the recent pronouncement of the Attorney-General.

A most interesting travelogue with lantern slides, of the Island of Trinidad, was presented by the Young People's Society of the United Church on Monday evening in the church. The travelogue was read by the Rev. Scott, who was assisted by Miss Pearl Brinson, P. Kinchin and Cheslie Haker. I. Campbell arrived back from Princeton during the week with a number of horses which he has brought in to dispose of here. He came over the Peachland-Princeton road and reported that he travelled through miles of mud that was knee deep. Friends of Mr. and Mrs. Lloyd Ormond, of Robson, will be interested to know that they are the parents of a son, born March 20. Mrs. Ormond was formerly Miss Mollie Cousins.

WESTBANK CO-OP. HAD GOOD YEAR REPORTS REVEAL

Annual Meeting Passes Quietly Packing Charges Lowered—Dividend Declared

WESTBANK, B.C., April 3.—The tenth annual general meeting of the Westbank Co-operative Growers' Association was held in the Community Hall, Westbank, on Thursday of last week, with a good attendance. W. H. Hewlett, the President, occupied the chair.

The meeting passed off very quietly and very few questions were asked by those present. The balance sheet showed that the association had had a very successful year and packing charges had been reduced to 36 cents per box for wrapped apples, and other packages in proportion, notwithstanding the fact that the number of packages shipped was considerably less than during the previous season.

A dividend of 3 1/2 per cent. was declared, and a profit of \$800 was shown after meeting all charges. In addition \$200 had been placed to reserve. The affairs of the association appear to be in a very favorable position, and the balance sheet, was adopted with very little comment.

The new Board of Directors is comprised of W. H. Hewlett, W. B. Gore, A. H. Davidson, J. W. Hannam and C. Butt. Mr. Gore was elected to represent the local set of the associated Growers and C. H. Jackson was appointed auditor.

E. J. Chambers, President of the Associated Growers, and Captain C. R. Bull, member of the Executive, were also present, representing the Associated Growers, and addressed the meeting at some length by eighteen towels. The regular monthly meeting of the Westbank Women's Institute was held in the Community Hall on Tuesday, March 28, under the auspices of the East Group and with an attendance of some fifty members and visitors. The Roll Call for tea-towels for the Institute cupboard resulted in this cupboard being richer by eighteen towels.

Speaks on "Teen Age Girls" The President, Mrs. Stevens, introduced Mrs. Fowle, of Penticton, who gave a splendid talk on the "Teen Age Girl." Mrs. Fowle has had a great deal of experience with girls of this age and has conducted summer camps for them both in Ontario and the Okanagan Valley. The hearty applause accorded the speaker at the close of her address testified to the pleasure and instruction derived from her talk by the listeners, which included the High School girls.

Mrs. Stevens' recent suggestion of a "Depression or Economy" conference to be held in Westbank, to which should be invited as many members of the Institutes in the southern part of the valley as could come, was discussed. Mrs. McGregor stated that it was a perfectly feasible proposition and in turn suggested a two-session conference any time after June.

The Domestic Water Users of Westbank held their second annual meeting in the Community Hall on March 29, during which the progress of the company was discussed. The new domestic water system, installed in 1931, has served the community admirably during the past year and the water users have kept their tolls paid up very satisfactorily. The old board, consisting of W. B. Gore, R. A. Pritchard and H. O. Lusk, Secretary, was unanimously re-elected.

Bird House Competition A feature of the Women's Institute meeting last week was the bird house competition for school children and it was particularly gratifying to see so many splendid entries, as this is the first competition of its kind to be held in the district. Many of the houses were exceptionally well made and C. E. Bartley, who kindly consented to act as judge, found some difficulty in awarding the prizes which were made as follows:

Girls, class 1: Mary Dobbin, Evelina Tscharke, Class 2: Florence Dobbin, Hazel Hewlett. Special for most original made by the girls was won by Joan Pritchard, while Betty Davidson was also awarded a special for the only entry from a Grade 1 pupil. Boys, Class 1: Hans Tscharke, Edward Tolhurst, Class 2: Adrian Reece, Lennard Hoskins, Class 3: Robert Basham, Clifford Dobbin.

On Friday evening a number of amateur players presented a short play entitled "The Red Lamp" and two short sketches, "Household Hints" and "Ambrose and Naphtha." A full house enjoyed the evening, and later a number of the younger folks danced for an hour or so. The proceeds, in aid of the local branch of the Victorian Order of Nurses, amounted to \$32.10 and as the Community Club are also making a donation of the rent of the Hall to the V.O.N. on this occasion, that Order will benefit to the amount of \$30 from the evening's entertainment.

The T. T. Q. Girl's Club entertained some fifty kiddies from 3 to 12 years of age, to an April 1st party in the Community Hall, on Saturday afternoon, and to judge from the beaming

"UNDER COVER MAN" SHOWS CROOK LIFE

"Under-Cover Man," drama centering around a big-time crook who gambles with his own life and the life of the girl he loves to hunt down the slayers of his father, will be shown at the Empress Theatre on Friday and Saturday, April 7 and 8, with a cast headed by George Raft, Nancy Carroll, Jessie Karns, Lew Cody and Gregory Raft.

"Under-Cover Man" is a story of the upper crust of the underworld, of crooks who play Wall Street and the Gold Coast for single coups of hundreds of thousands.

Raft is cast as such a crook. But when his father, a "fence" for stolen goods, is murdered, he turns against his own kind, and sets out to have his revenge.

GOOD PRIZES OFFERED FOR NAMING GOOD CAKE

Two hundred and fifty dollars is big money in times like these, and yet it is within the power of someone in the Okanagan to receive a cheque for this amount by simply suggesting a good name for a cake. This week on page seven the announcement of the fourth Magic Mystery Cake Contest together with full details of the contest appears. The recipe for the unnamed cake featured sounds so good that we feel sure more than one Vernon housewife has already sprung a pleasant surprise on the family by baking and serving this Mystery Cake to them; others will be making it in the near future. And after it has been tasted some member of the family will be able to think up a name which will bring them a cheque for the grand \$250 prize or one of the other 62 cash prizes offered. It costs nothing to try.

Faces of those children, the party was a huge success. Games, supervised by members of the T.T.Q. were the order of the afternoon, and great was the delight of the children when every one of them was presented with a gaily colored balloon.

The hostesses were a busy lot of girls, but decided after it was all over, that the effort and expense involved had been well worth while.

Mrs. Gavin Beveridge arrived from her home in Vancouver on Wednesday, March 29, to be with her mother, Mrs. L. J. Prior, who is not in good health at the present time. However, her many friends throughout the district hope to have good reports in the near future and trust that she will find the move to Vernon beneficial in every way.

Though Mr. and Mrs. L. P. Prior and family have lived in Westbank, such a comparatively short time, they have made many friends, who will miss them. The family moved to Vernon on Saturday and are taking up their residence in their old home there, where Mrs. Prior went as a bride.
